## Draxxin® Injection, Rx

(Zoetis) For the treatment & control of respiratory disease in beef & nonlactating dairy cattle at high risk of developing BRD. Also for the treatment of infectious bovine keratoconjunctivitis (IBK) & foot rot in beef & nonlactating dairy cattle. Delivers a powerful single-dose treatment against complex swine respiratory disease (SRD) challenges to improve pig health & productivity. **Do not use in female dairy cattle 20 months of age or older. Do not use in veal calves. Slaughter withdrawal for Cattle: 18 days, for Swine: 5 days.** Sold only with valid veterinarian prescription.

PCY-473 100 mL **\$599.99**  
 PCY-2Q 250 mL **\$983.16**  
 PCY-2R 500 mL **\$1867.58**

## Resflor Gold®, Rx

(Merck) The industry-standard dual therapy. Florfenicol is the same powerful antibiotic used in NUFLOR® (florfenicol), a trusted brand for over 25 years. It's proven to fight all four major BRD pathogens. Flunixin meglumine is the same NSAID used in BANAMINE® (flunixin meglumine injection). It's proven to quickly reduce fever associated with BRD. Reducing fever is proven to support recovery. Together, they produce consistent results & you can see improvement in as little as six hours. **Do not use in female dairy cattle 20 months of age or older. Do not use in veal calves. 38 day slaughter withdrawal.** Sold only with valid veterinarian prescription.

PCY-2A 250 mL **\$205.00**

## Macrosyn™, Rx

(Bimeda) A ready-to-use injectable solution containing 100 mg of tulathromycin/mL, a broad spectrum, fast-acting antibiotic for use in cattle & swine. The first brand alternative tulathromycin available for DRAXXIN®, is indicated for use to treat specific conditions caused by specific bacteria susceptible to tulathromycin: In beef and non-lactating dairy cattle, Macrosyn is approved for the control & treatment of bovine respiratory disease (BRD), treatment of bovine foot rot & treatment of pink eye. In calves (suckling, dairy & veal calves) approved for the treatment of bovine respiratory disease (BRD). In swine, approved for the control & treatment of swine respiratory disease (SRD) & the treatment of SRD (Haemophilus parasuis, Bordetella bronchiseptica). **Do not use in female dairy cattle 20 months of age or older. Do not use in veal calves. Slaughter withdrawal for Cattle: 18 days, for Swine: 5 days.** Sold only with valid veterinarian prescription.

PCY-2B 100 mL **\$375.00**  
 PCY-2C 250 mL **\$925.00**

## Factrel® Injection, Rx

(Zoetis) FACTREL® Injection (gonadorelin injection) is approved for use with LUTALYSE® Injection (dinoprost tromethamine injection) or LUTALYSE HighCon Injection (dinoprost tromethamine injection) to synchronize estrous cycles to allow for fixed-time artificial insemination (FTAI) in lactating dairy cows. Also indicated for treatment of ovarian follicular cysts in cattle. Sold only with valid veterinarian prescription.

PCY-2D 20 mL **\$19.80**  
 PCY-2F 50 mL **\$46.02**

# VALID VET PRESCRIPTION REQUIRED

Important: Items ship directly from the pharmacy. Orders must be placed via call center rep at 1-800-JEFFERS or website at [WWW.JEFFERS.COM](http://WWW.JEFFERS.COM).

## Excede® Injection, Rx

(Zoetis) For cattle & horses. Antibiotic indicated for the treatment of bovine respiratory disease (BRD), foot rot & for the control of respiratory disease in cattle at high risk for developing BRD. Excede is also indicated for the treatment of lower respiratory tract infections in horses. The usual dosage for cattle is 1.5 ml per 100 lbs body weight, given by SQ injection. **13 day slaughter withdrawal for cattle. Do not use in veal calves.** Sold only with valid veterinarian prescription.

PCY-65 100 mL **\$233.52**  
 PCY-2T 250 mL **\$567.10**

## Flunazine® Injectable Solution, Rx

(Bimeda) For cattle & horses. Flunixin Meglumine is a potent, non-narcotic, nonsteroidal analgesic agent with anti-inflammatory & antipyretic activity. Indicated for the control of pyrexia associated with bovine respiratory disease, endotoxemia & acute bovine mastitis. Indicated for the control of inflammation in endotoxemia. Significantly more pain relief than pentazocine, meperidine & codeine. Offers quick onset of effective analgesic activity, w/in 2 hours of administration. Active up to 36 hours. No adverse reactions when used as directed. **36 hour milk withdrawal. 4 day slaughter withdrawal for cattle. Do not use in veal calves. Not for use in horses intended for food.** Sold only with valid veterinarian prescription.

MOB-BH 100 mL **\$19.99**  
 MOB-BJ 250 mL **\$39.99**

## EnroMed® 100, Rx

(Bimeda) For cattle & swine. A sterile, ready-to-use injectable antimicrobial solution that contains enrofloxacin, a broad-spectrum fluoroquinolone antimicrobial agent. Treats & controls bovine respiratory disease (BRD) & swine respiratory disease (SRD). Cattle: convenient single-dose & multi-day therapy. Swine: Administer IM or SQ. Ready to use. No refrigeration required. **Not for use in female dairy cattle 20 months of age or older. 28 day slaughter withdrawal for cattle. Do not use in veal calves. 5 day slaughter withdrawal for pigs.** Sold only with valid veterinarian prescription.

MOB-BF 100 mL **\$59.99**  
 MOB-BG 250 mL **\$125.99**

## Draxxin® KP, Rx

(Zoetis) A one-shot combination that provides fast-acting control of fever (pyrexia) associated with bovine respiratory disease (BRD) & long-acting, demonstrated, antibacterial activity against the four major BRD pathogens, so cattle make a fast BRD recovery. This single dose BRD treatment combines the nonsteroidal anti-inflammatory drug (NSAID) ketoprofen with the antibiotic tulathromycin, the active ingredient in Draxxin. For use in beef steers, beef heifers, beef calves 2 months of age & older, beef bulls, dairy bulls & replacement dairy heifers. **Not for use in reproducing animals over 1 year of age, dairy calves or veal calves. Do not use in female dairy cattle 20 months of age or older. 18 day slaughter withdrawal.** Sold only with valid veterinarian prescription.

PCY-2H 50 mL **\$233.35**  
 PCY-2J 100 mL **\$413.59**  
 PCY-2N 250 mL **\$983.16**  
 PCY-2P 500 mL **\$1867.58**

# Control comes when you focus on the little things

 Weatherproof

**DECTOMAX** Pour-On

**DECTOMAX** Injectable

## Parasite Control That Lasts

- Provides convenient weatherproof formulation<sup>1</sup>
- **Delivers the LONGEST duration of activity** for any pour-on against the cattle biting louse (*Bovicola bovis*)<sup>3</sup>

# INSECTICIDAL EAR TAGS

## Python II<sup>™</sup> Magnum<sup>™</sup>

Synergized pyrethroid tags containing Zetacypermethrin plus piperonyl butoxide. Approved for use on beef & dairy cattle, including calves & lactating dairy cows. Use 1 fly tag to control most strains of horn flies for up to 4 months & pyrethroid-susceptible strains of horn flies up to 5 months. Aids in the control of face flies, stable flies & house flies up to 4 months. Controls biting lice & aids in the control of sucking lice for up to 3 months. **Apply with Y-Text Ultra Tagger.**

XU-YA 20 pack \$53.99

\$2.70/TAG

\$2.40/TAG

## Python II<sup>™</sup>

Synergized pyrethroid tags containing Zetacypermethrin & piperonyl butoxide. Approved for use on beef & dairy cattle, including calves & lactating dairy cows. Use 2 fly tags to control horn flies, face flies, lice, Gulf Coast ticks & spinose ear ticks for 4-5 months & to aid in the control of stable flies, black flies, house flies & small horse flies. Use 1 fly tag to control horn flies for about 3-4 months & as an aid in the control of face flies. **Apply with Y-Text Ultra Tagger.**

XU-YB 20 pack \$47.99

## XP 820<sup>™</sup>

(Abamectin) Piperonyl butoxide with 8% abamectin. For maximum control against horn flies, including strains resistant to synthetic pyrethroid. Controls horn flies for 5 months & reduces face flies. Use 2 tags per head for optimum control. For use on beef cattle, dairy cattle & calves. Gold. Lactation approved!

**Apply with Y-Text Tagger.**

Y2-X1 20 pack \$55.99

\$2.80/TAG

## Tri-Zap<sup>™</sup>

3.2% Zetacypermethrin, 20% Piperonyl Butoxide with 6.0% Abamectin. For beef & dairy cattle. For control against horn flies, face flies, lice & spinose ear ticks. Controls horn flies for up to 4 months, face flies for 2 months, & lice & ticks for up to 3 months with 2 tags per head. Has Y-Text Snap-Lok<sup>®</sup> collar for guaranteed retention against tag or button failure for 5 months. **Apply with Y-Text Tagger.**

**Cannot be shipped to CA, AK, HI, MD, ME, NJ.**

Y2-AA 20 pack \$61.99

\$3.10/TAG

\$1.60/TAG

## Optimizer<sup>®</sup> (Organophosphate)

Contains 21.4% Diazinon to control gulf coast & spinose ear ticks & aids in the control of face flies for up to 5 months. For use on beef, non-lactating dairy cattle & calves over 3 months of age. Use 2 tags per head for optimum control. Orange.

**Apply with Y-Text Tagger.**

Y2-P2 20 pack

\$31.99

\$2.00/TAG

## Dominator<sup>®</sup>

(Organophosphate) (Merck) Contains pirimiphos methyl for up to 5 months control of horn flies, & face flies. For use on beef & non-lactating dairy cattle & calves. Use 2 tags per head for optimum control. Yellow. **Apply with any Allflex Tagger. Cannot be shipped to CA.**

SH-T6 20 pack \$39.99

\$2.85/TAG

## Double Barrel<sup>™</sup> VP

(Pyrethroid & Organophosphate) (Merck) Contains organophosphate (Pirimiphos-methyl) & pyrethroid (Lambdacyhalothrin) for up to 5 months control of horn flies & face flies. For use on beef & non-lactating dairy cattle & calves. Use 2 tags per head for optimum control. Red. **Apply with any Allflex Tagger. Cannot be shipped to CA.**

SH-T8 20 pack \$56.99

## Max 40<sup>™</sup>

For beef & non-lactating dairy cattle. New sustained-release, ear tag containing a maximum dose of Diazinon (40%). Formulation extends the effectiveness of the tag for control of horn flies, Gulf Coast ticks, spinose ear ticks, face flies, stable flies, & house flies - up to 20 weeks. Use 2 tags per head. Not for calves less than 3 months.

**Apply with Y-Text Tagger.**

Y2-AB 20 pack \$47.99

\$2.40/TAG

## Corathon<sup>™</sup> (Bayer Animal Health)

50% active ingredient. Contains Coumaphos & Diazinon. Effectively controls horn flies (including avermectin & pyrethroid - resistant horn flies), gulf coast ticks, face flies & spinose ear ticks up to 5 months. Use on beef & non-lactating dairy cattle & calves. Use 2 tags per cow, 1 per calf. Slate. **Apply with any Allflex tagger. Cannot be shipped to CA.**

CU-C1 20 pack \$52.99

\$2.65/TAG

\$2.65/TAG

## CyLence ULTRA<sup>®</sup> (Bayer Animal Health)

Contains 8% Beta-Cyfluthrin & 20% Piperonyl Butoxide. Effective against face flies & pyrethroid-susceptible horn flies for up to 5 months. Kills & repels face flies. Controls gulf coast & spinose ear ticks. For beef & dairy including lactating dairy cattle. Not for calves under 3 months old. Use 2 tags per head. **Apply with Allflex total tagger with red pin & black clip. Cannot be shipped to CA.**

CU-CB 20 pack \$52.99

Contains Permethrin for control of horn & face flies, gulf coast ticks, spinose ear ticks & as an aid to control lice, stable & house flies. For use on calves, lactating & non-lactating dairy & beef cattle. Use 2 tags per head. Each tag remains effective for up to 5 months. Red. **Apply with Y-Text Tagger.**

Y2-I1 25 pack \$27.99

## Saber<sup>™</sup> Extra

(Pyrethroid) (Merck) Contains Lambdacyhalothrin for up to 5 months control of horn flies & up to 4 months control of face flies. For use on beef & non-lactating dairy cattle & calves. Use 2 tags per head for optimum control. Violet. **Apply with any Allflex Tagger.**

SH-T7 20 pack \$56.99

\$2.85/TAG

## Jeffer's<sup>®</sup> Ear Tag Removal Knife

For removal of identification & insecticide ear tags. Colors may vary.

JV-E2 Reg. \$3.99

## Universal Total Tagger

(Allflex) Deep jaw gives extra clearance for thick or larger eared animals. Designed to prevent pinched hands. Has a positive safe-lock mechanism & spare pin in the handle.

Y3-A2 \$25.99

# PINK EYE VACCINES

SAFE FOR PREGNANT COWS & CALVES NURSING PREGNANT COWS.

## I-SITE XP®

### Single 2 mL dose protection!

#### Moraxella Bovis Bacterin. (Huvepharma)

Pink eye protection - Contains 8 M. bovis isolates for extra protection & broadest protection against pink eye causing organisms. Single 2 mL dose protection - no need to vaccinate in most seasons. Vaccinate all cattle & calves 60 days of age or older before the start of summer fly season as part of your pink eye management program. **Do not vaccinate 21 days before slaughter.**

**A2-PF** 10 dose (20 mL) **\$12.29**  
**A2-PG** 50 dose (100 mL) **\$45.99**

## Piliguard® Pinkeye -1 Trivalent

Effective against 3 strains of Moraxella bovis-EPP63, FLA64, SAH38 (Merck) Give 2 mL IM or SQ in neck to beef or dairy cattle 3-6 wks prior to onset of pink eye season. Single dose protection. Revaccinate annually.

**SH-P3** 10 dose **\$15.49**  
**SH-P2** 50 dose **\$66.99**

## Ocu-Guard® MB-1

### Moraxella Bovis Bacterin (Boehringer Ingelheim)

Contains eight isolates of Moraxella bovis which causes pink eye. A single dose 2 mL, has proven 4 month duration of immunity. Safe to use in cattle 2 months of age & older. Revaccinate annually.

**A9-J1** 10 dose **\$12.79**  
**A9-J2** 50 dose **\$54.69**

## Pinkeye Shield™ XT4

### Moraxella Bovis Bacterin

(Elanco) For use in healthy cattle as an aid in the prevention of pink eye caused by Moraxella bovis. Administer a single 2 mL dose. Revaccinate annually. Safe for cattle of all ages. **Not available for sale in LA or MT.**

**G5-P4** 10 dose **\$11.89**  
**G5-P5** 50 dose **\$47.99**

## SolidBac® Pinkeye IR/PR

(Zoetis) Helps provide 2 dose pink eye protection with 1 dose convenience. Provides protection against pink eye caused by Moraxella bovis in healthy cattle 3 months of age or older. Each pelleted implant dose contains a combination of immediate release (IR) & programmed release (PR) antigen pellets & includes the antigen equivalent of 2 doses of Moraxella bovis bacterin. IR dose effective in 6 days and PR works all summer long. Give one dose SQ at the base of the ear or the neck prior to pink eye season for all season protection. Annual booster is recommended. **Requires SolidDose Implant Gun. Do not vaccinate within 21 days before slaughter.**

**N2-SJ** 50 dose **\$170.99**  
**N2-SK** SolidDoser® Gun **\$69.99**

## Alpha 7/MB™ -1

Clostridium Chauvoei, Septicum, Novyi, Sordellii, Perfringens Types C & D, Moraxella Bovis Bacterin Toxoid (Boehringer Ingelheim) Full immunity for 7 way Blackleg & Pinkeye in 1 shot. Give a single 2 mL dose SQ. Vaccinate calves at 3 months of age or older. Revaccinate annually.

**A9-C8** 10 dose **\$20.00**  
**A9-C9** 50 dose **\$92.69**

**20/20 Vision 7 w/ Spur®** Clostridium Chauvoei, Septicum, Novyi, Sordellii, Perfringens Types C & D, Moraxella Bovis Bacterin Toxoid (Merck) 7-way clostridial protection plus pinkeye protection in one (Contains 8 Moraxella bovis strains.) Cattle - Inject 2 mL SQ. Repeat in 3 to 4 wks. Blackleg + Pinkeye.

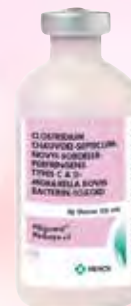

**I6-VM** 10 dose **\$21.99**  
**I6-VN** 50 dose **\$92.99**

## Piliguard® Pinkeye-7 Clostridium Chauvoei, Septicum, Novyi, Sordellii, Perfringens Types C & D, Moraxella Bovis Bacterin Toxoid

(Merck) 7-way clostridial plus with Piliguard® Pinkeye. Inject 5 mL SQ. Repeat in 3 to 4 wks. Vaccinate calves at 3 months of age or older. Revaccinate annually.

**SH-P4** 10 dose **\$22.49**  
**SH-P5** 50 dose **\$94.99**

VetGun™ III is the proven delivery platform for effective horn fly control when and where you need it — with minimal labor, handling or stress.

Simple to operate, accurate and reliable, VetGun III works from a distance of 15 to 30 feet to safely deliver a precise, consistent dose of a topical insecticide. Each product offers a unique mode-of-action to fit perfectly with your insecticide resistance program.

The VetGun III is the only approved delivery system for the AiM-L™ and AiM-A Abamectin™ VetCaps. Designed and manufactured with the highest standards and materials, VetGun is supported by an exceptional service warranty.

**FREE FREIGHT!**

## Ultrabac® 7

**Clostridium Chauvoei, Septicum, Novyi, Sordellii, Perfringens Types C & D Bacterin Toxoid (Zoetis)**

Inject 5 mL for cattle & 2½ mL for sheep, SQ. 7-way blackleg protection for cattle & sheep. Give cattle 5 mL SQ, sheep 2½ mL SQ. Revaccinate 4-6 wks later & then annually.

**N2-U1 10 dose \$6.99**

**N2-U2 50 dose \$28.99**

## Ultrabac® 7

**Somubac®**

**Clostridium Chauvoei, Septicum, Novyi, Sordellii, Perfringens Types C & D Bacterin Toxoid with H. Somnus (Zoetis)** 7-way blackleg plus somnus protection for cattle 3 months of age or older.

Give 5 mL dose SQ. Repeat in 3-4 wks & then annually.

**N2-U5 10 dose \$12.99**

**N2-U6 50 dose \$60.29**

## Ultrabac® 8

**Clostridium Chauvoei, Septicum, Haemolyticum, Novyi, Sordellii, Perfringens Types C & D Bacterin Toxoid, (Bacillary Hemoglobinuria, Red Water) (Zoetis)** Inject 5 mL for cattle & 2½ mL for sheep, SQ. Revaccinate 4-6 wks later & then annually.

**N2-UJ 10 dose \$7.29**

**N2-UK 50 dose \$29.99**

## UltraChoice™ 7

**Clostridium Chauvoei, Septicum, Novyi, Sordellii, Clostridium Perfringens Types C & D Bacterin Toxoid (Zoetis)** Inject 2 mL SQ. 7-way blackleg protection for cattle & sheep. Repeat in 4-6 wks. Annual revaccination.

**N2-UA 10 dose \$10.59**

**N2-UB 50 dose \$42.79**

## UltraChoice™ 8

**Clostridium Chauvoei, Septicum, Haemolyticum, Novyi, Sordellii, Perfringens Types C & D Bacterin Toxoid, (Bacillary Hemoglobinuria, Red Water) (Zoetis)** Inject 2 mL SQ for cattle, 1 mL SQ for sheep. Repeat in 4-6 weeks. For Cl. haemolyticum, repeat the dose every 6 months. Annual revaccination.

**N2-UD 10 dose \$10.49**

**N2-UE 50 dose \$44.69**

## Cavalry™ 9

**Clostridium chauvoei (Blackleg), Cl. Septicum (Malignant edema), Cl. novyi Type B (Black disease), Cl. haemolyticum (Bacillary Hemoglobinuria, Red Water), Cl. sordellii (Malignant edema), Cl. Tetani (tetanus), & Cl. perfringens Types C & D. (Merck)** A bacterin-toxoid recommended for the immunization of healthy cattle 3 months of age or older as an aid in the prevention of disease caused by clostridium. Dosage: 2 mL subcutaneously, repeat in 3 wks. Revaccinate annually. **21 day slaughter withdrawal. 8 way Blackleg with Tetanus.**

**SH-CA 10 dose \$15.99**

**SH-CB 50 dose \$54.99**

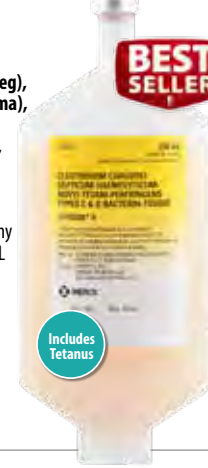

Includes Tetanus

## Covexin® 8

**Clostridium chauvoei (Blackleg), Cl. Septicum (Malignant edema), Cl. haemolyticum (Bacillary Hemoglobinuria, Red Water), Cl. sordellii (Malignant edema), Cl. Tetani (tetanus), & Cl. perfringens Types C & D. (Merck)** For vaccination of healthy sheep & cattle. Cattle: Inject 5 mL SQ or IM, repeat in 6 wks. Sheep: Inject 5 mL SQ, followed by a 2 mL dose in 6 wks. Revaccinate annually with a 2 mL dose. **7-Way Blackleg with Tetanus.**

**SH-C6 50 mL \$14.99**

**SH-C7 250 mL \$52.99**

Includes Tetanus

## One Shot Ultra™ 7

**Clostridium Chauvoei, Septicum, Novyi, Sordellii, Perfringens Types C & D, Pasteurella Haemolytica A1 Bacterin Toxoid (Zoetis)** 7-way blackleg & pasteurella protection for cattle. Inject 2 mL SQ. Healthy cattle should receive a 2 mL dose of UltraChoice™ 7 (4-6 wks) later. Annual revaccination with UltraChoice™ 7.

**N2-AB 10 dose \$42.99**

**N2-AC 50 dose \$196.99**

## One Shot Ultra™ 8

**Clostridium Chauvoei, Septicum, Haemolyticum, Novyi, Sordellii, Perfringens Types C & D, Mannheimia Haemolytica type A1 Bacterin Toxoid (Zoetis)** Inject 2 mL SQ. Healthy cattle should receive a 2 mL dose of UltraChoice™ 8 (4-6 wks later). For Cl. haemolyticum, repeat the dose every 6 months in animals subject to re-exposure.

**N2-AD 10 dose \$42.99**

**N2-AE 50 dose \$198.99**

## Alpha-7™

**Clostridium Chauvoei, Septicum, Novyi, Sordellii, Perfringens Types C & D Bacterin Toxoid (Boehringer Ingelheim)** One dose immunity in calves over 3 months of age. Inject one 2 mL dose SQ. Annual booster is recommended. Transient swelling at the injection site may occur.

**A9-C6 10 dose \$10.99**

**A9-C7 50 dose \$47.99**

## Bar-Vac® 7/

**Somnus with Spur**

**Clostridium Chauvoei, Septicum, Novyi, Sordellii, Perfringens Types C & D Bacterin Toxoid, H. Somnus (Boehringer Ingelheim)** 7-way blackleg plus somnus protection for cattle. A 5 mL dose SQ. Repeat in 21-28 days & once annually.

**A9-B2 10 dose \$12.29**

**A9-B3 50 dose \$51.99**

## Vision® 7 with Spur

**Clostridium Chauvoei, Septicum, Novyi, Sordellii, Perfringens Types C & D Bacterin Toxoid (Merck)** 7-way blackleg protection for cattle & sheep. Low risk of tissue reaction at injection site. Administer SQ. Cattle 2 mL, sheep 2 mL. Repeat in 3-4 wks.

**I6-VC 10 dose \$10.99**

**I6-VD 50 dose \$39.99**

## Vision® 7 Somnus with Spur

**Clostridium Chauvoei, Septicum, Novyi, Sordellii, Perfringens Types C & D Bacterin Toxoid, H. Somnus (Merck)** 7-way blackleg protection for cattle. Give cattle 2 mL SQ. Repeat in 3-4 wks.

**I6-VG 10 dose \$15.49**

**I6-VH 50 dose \$58.99**

## Vision® 8 with Spur

**Clostridium Chauvoei, Septicum, Novyi, Sordellii, Perfringens Types C & D Bacterin Toxoid & plus Haemolyticum (Bacillary Hemoglobinuria, Red Water). (Merck)** 7-way blackleg plus red water protection for cattle & sheep. Contains a high quality blackleg & a special adjuvant that reduces the injection site reaction. Give SQ. Cattle & sheep 2 mL dose SQ. Repeat in 3-4 wks.

**I6-VE 10 dose \$10.59**

**I6-VF 50 dose \$45.99**

## Vision® 8 Somnus with Spur

**Clostridium Chauvoei, Septicum, Novyi, Sordellii, Perfringens Types C & D Bacterin Toxoid & plus Haemolyticum (Bacillary Hemoglobinuria, Red Water), Haemophilus Somnus Bacterin Toxoid (Merck)** Inject 2 mL SQ. Repeat in 3-4 wks. In animals subject to re-exposure to Cl. haemolyticum, revaccinate every 5-6 months. **21 day slaughter withdrawal.**

**I6-VJ 10 dose \$16.99**

**I6-VK 50 dose \$68.99**

# CattleMaster® GOLD™

## CattleMaster® 4+VLS

**IBR, PI3, BRSV (MLV), & BVD Type 1 (KV), Vibrio Campylobacter Fetus, Lepto Canicola-Grippotyphosa-Hardjo-Icterohaemorrhagiae-Pomona Bacterin (Zoetis)** For the vaccination of healthy cattle, including pregnant cattle. Give 5 mL IM. Repeat in 2 to 4 wks. Calves vaccinated under 6 months of age should revaccinate again after 6 months. Revaccinate annually. **21 day slaughter withdrawal.**

**N2-D6 10 dose \$39.65 N2-D7 25 dose \$96.55**

## CattleMaster® Gold FP® 5

**IBR, PI3, BRSV (MLV) & BVD Types 1 & 2 (KV) (Zoetis)** Give two 2 mL doses SQ, 3 wks apart. Annual 1 dose revaccination. Safe for pregnant cows. Administer 5 wks & 2 wks prior to breeding. Calves vaccinated under 6 months of age should revaccinate again after 6 months. Revaccinate annually. First & only killed BVD vaccine line with the power to deliver fetal protection from BVD persistent infection & IBR abortion. Safe & convenient. **21 day slaughter withdrawal.**

**N2-CF 5 dose \$17.99 N2-CG 10 dose \$31.39**

**N2-CH 25 dose \$74.99**

## CattleMaster® Gold FP® 5 L5

**IBR, PI3, BRSV (MLV), Lepto 5 Bacterin & BVD Types 1 & 2 (KV) (Zoetis)** For the vaccination of healthy cattle, including pregnant cows & heifers. Offers fetal protection. Calves of any age, as an aid in the prevention of IBR BVD Types I & II, PI3, BRSV, & 5 common strains of Lepto. Inject SQ a 5 mL dose followed by a second dose 3 wks afterward. For an aid in preventing IBR-induced abortion & PI BVD calves. Administer 5 wks & 2 wks prior to breeding. Calves vaccinated under 6 months of age should revaccinate again after 6 months. Revaccinate annually. **21 day slaughter withdrawal.**

**N2-CJ 5 dose \$20.00 N2-CK 10 dose \$35.99**

**N2-CL 25 dose \$81.99**

## Bovi-Shield Gold® 5 (MLV)

**IBR, PI3, BRSV, BVD TYPES 1 & 2 (Zoetis)** For the vaccination of healthy cattle as an aid in preventing infectious bovine rhinotracheitis (IBR), bovine viral diarrhea (Type 1 & Type 2) (BVD), parainfluenza (PI3), & bovine respiratory syncytial virus (BRSV), provided they were vaccinated according to label directions, with any Bovi-Shield Gold FP vaccine within the last 12 months. Dosage: Administer a single 2 mL dose SQ or IM.

**N2-1F 5 dose \$9.99 N2-BR 10 dose \$16.49**

**N2-BS 50 dose \$70.99**

## Bovi-Shield Gold® BVD

**BVD Types 1 & 2 (MLV) (Zoetis)** For the vaccination of healthy cattle as an aid in preventing respiratory disease caused by bovine virus diarrhea (BVD) virus types 1 & 2. Provides immunity of at least 9 months when administered SQ. Recommended to use along with INFORCE™ 3 intranasal vaccine. Safe for pregnant cows or calves nursing pregnant cows, providing they were vaccinated according to label directions with any Bovi-Shield Gold FP vaccine within the past 12 months. One 2 mL dose SQ or IM. Calves under 6 months of age should be revaccinated after 6 months of age or at weaning. Revaccinate annually.

**N2F-B5 10 dose \$6.99**

**N2F-B6 50 dose \$24.99**

**BEST  
SELLER**

# Bovi-Shield GOLD FP®

## Bovi-Shield Gold® FP® 5 L5 (MLV)

**IBR, PI3, BRSV, BVD Types 1 & 2 and Lepto 5 (Zoetis)** For primary vaccination, booster with BRSV 3-4 weeks later. Can be administered to pregnant cows, providing cows were vaccinated, according to label directions with Bovi-Shield Gold FP line prior to breeding within the last 12 months. Give 2 mL IM. Revaccinate annually. **21 day slaughter withdrawal.**

**N2-BL 5 dose \$12.99 N2-BM 10 dose \$22.99**

**N2-BN 50 dose \$101.29**

## Bovi-Shield Gold® FP® 5 L5 HB (MLV)

**IBR, PI3, BRSV, BVD Types 1 & 2, Lepto 5, & L. hardjovis (Zoetis)** For the vaccination of healthy cows & heifers prior to breeding to help prevent PI calves caused by BVD Types 1 & 2. Offers fetal protection. Dosage: Administer a single 2 mL dose SQ or IM to cows 30 days prior to breeding & booster with Spirovac L5 4-6 weeks later. Safe for pregnant cows or calves nursing pregnant cows, providing cows were vaccinated according to label directions with any Bovi-Shield Gold FP vaccine within the last 12 months. Revaccinate annually. **21 day slaughter withdrawal.**

**N2F-B1 10 dose \$41.99 N2F-B2 50 dose \$181.99**

## Bovi-Shield Gold® FP® 5 VLS (MLV)

**IBR, PI3, BRSV, BVD Types 1 & 2, Lepto 5, Vibrio (Zoetis)** For primary vaccination of cows & heifers, give 1 month prior to breeding & booster with BRSV, Vibrio & Lepto, 3-4 weeks later. Can be administered to pregnant cows ONLY if they were vaccinated, according to label instructions, with Bovi-Shield Gold FP line prior to breeding within the last 12 months. Give 2 mL IM. Revaccinate annually. **21 day slaughter withdrawal.**

**N2-BP 10 dose \$29.99 N2-BQ 50 dose \$132.99**

## Bovi-Shield Gold® One Shot (MLV)

**IBR, PI3, BRSV, BVD Types 1 & 2 and Mannheimia (Pasteurella) Bacterin-Toxoid (Zoetis)** For the vaccination of healthy cattle to prevent respiratory disease caused by bovine rhinotracheitis (IBR), Bovine viral diarrhea (type 1 & 2 BVD), & demonstrated duration of immunity of at least 9 months. Also aids in preventing respiratory disease caused by parainfluenza (PI3), bovine respiratory syncytial virus (BRSV), & bovine pneumonia caused by M. haemolytica Type A1. May be administered to pregnant cows, or calves nursing pregnant cows, provided cows were vaccinated according to label directions with any Bovi-Shield Gold FP vaccine within the last 12 months. Administer 2 mL SQ. Calves vaccinated before the age of 6 months should be revaccinated after 6 months or at weaning. Revaccinate annually. **21 day slaughter withdrawal.**

**N2-AM 5 dose \$24.99**

**N2-AN 10 dose \$49.99**

**N2-AP 50 dose \$221.99**

## One Shot BVD

### BVD Types 1 & 2 (MLV) and Mannheimia (Pasteurella)

**(Zoetis)** For the vaccination of healthy cattle to prevent bovine virus diarrhea (BVD) Types 1 & 2, & pasteurella (bovine pneumonia, respiratory infection, shipping fever) caused by Mannheimia haemolytica type A1. May be administered to pregnant cows, or calves nursing pregnant cows, provided cows were vaccinated according to label directions with any Bovi-Shield GOLD FP vaccine within the past 12 months, with the second dose administered approximately 30 days pre-breeding. Administer 2 mL SQ. Calves vaccinated before 6 months of age should be revaccinated after 6 months of age or at weaning. Revaccinate annually or whenever subsequent stress exposure is likely. **21 day slaughter withdrawal.**

**N2-BT 10 dose \$34.99**

**N2-BU 50 dose \$173.99**

**Do not use Modified Live Vaccines (MLV) on pregnant cows or in calves nursing pregnant cows unless cows were vaccinated with Modified Live Vaccines (MLV) within the last 12 months according to label directions.**

**Zoetis™ guarantees that no calves will be born persistently infected (PI) with BVD and guarantees against IBR abortions provided that the vaccine was administered according to label directions.**

# RESPIRATORY & REPRODUCTIVE

Do not use Modified Live Vaccines (MLV) on pregnant cows or in calves nursing pregnant cows unless cows were vaccinated with Modified Live Vaccines (MLV) products within the last 12 months according to label directions. \*Express® & Pyramid® Vaccines provide 217 days protection from (BVD) type 1b.

**Pyramid 5 + Prespense SQ**  
IBR, BVD Type 1 & 2, PI3, BRSV (MLV), M. haemolytica (Boehringer Ingelheim) Safe for pregnant cows, or calves nursing pregnant cows, providing they were vaccinated pre-breeding, according to label directions, with Pyramid 5 or Pyramid 10. Calves vaccinated under 6 months of age should be revaccinated at 6 months. Revaccinate annually. Dosage: Inject one 2 mL dose SQ.

F7-PU 10 dose **\$36.99**  
F7-PV 50 dose **\$176.99**

**Pyramid® 5 w/ Metastim (MLV) IBR, PI3, BRSV (MLV), BVD Type 1 & 2 (Boehringer Ingelheim)** Safe for use in pregnant cows (or calves nursing pregnant cows) provided they were vaccinated pre-breeding, according to label directions, with Pyramid 5 or Pyramid 10. Inject 2 mL SQ. Calves vaccinated under 6 months should be revaccinated at 6 months. Revaccinate annually. **21 day slaughter withdrawal.**

F7-P8 10 dose **\$14.99**

**Pyramid 3/ with Metastim®**  
IBR, BVD Type 1&2 (MLV) (Boehringer Ingelheim)

For vaccination of healthy cattle as an aid in the prevention of disease caused by bovine rhinotracheitis virus & bovine virus diarrhea (types 1 & 2). This product aids in the prevention of persistent BVD Type 1 & Type 2 infection of the fetal calf when it is used subcutaneously in the cow or heifer 30 to 60 days pre-breeding. The duration of immunity against respiratory disease due to BVD type 1b is at least 217 days. Aseptically rehydrate the vaccine with the accompanying diluent. Mix well. Inject one 2 mL dose SQ.

F7-V9 50 dose **\$29.99**

**Vista™ Once SQ**  
IBR, PI3, BRSV, BVD Types 1 & 2, Mannheimia Haemolytica, Pasteurella Multocida Vaccine (MLV), Avirulent Live Culture (Merck) Administer one 2 mL SQ to cattle 3 months of age or older. Revaccinate annually. Requires mixing.

I6-VP 10 dose **\$42.49**  
I6-VQ 50 dose **\$200.00**

**Vista™ 5 SQ**  
IBR, PI3, BRSV (MLV), BVD Types 1 & 2 (Merck) For use in healthy cattle as an aid in the prevention of IBR, BVD Type 1 & 2, PI3, BRSV Administer one 2 mL SQ to cattle 3 months of age or older. Revaccinate annually. Requires mixing.

I6-VU 10 dose **\$16.99**  
I6-VV 50 dose **\$60.99**

**Disposable Plastic Transfer Needle**  
Double ended needle for convenient mixing of vaccine products. Disposable, one time use product.

F7-1H **49¢**

**Double Pointed Transfer Needle**  
For convenient mixing of liquids with dry powder in Modified Live vaccines.

C6-N2 **\$1.99**

**RECOMMENDED NEEDLE SIZES FOR CATTLE VACCINATIONS:**  
XQ-A8 16 ga x 1" (box of 100) **\$18.99** XQ-AA 16 ga x 1½" (box of 100) **\$18.99**  
XQ-A6 16 ga x ¾" (box of 100) **\$19.99**

**Pyramid® 10 w/ Metastim (MLV) IBR, BVD Type 1 & 2, PI3, BRSV + Lepto 5 (Boehringer Ingelheim)** Safe for pregnant cows, or calves nursing pregnant cows, provided they were vaccinated pre-breeding, according to label directions, with Pyramid 5 or Pyramid 10. Calves vaccinated under 6 months should be revaccinated at 6 months. Give 2 mL SQ. Revaccinate annually.

F7-PI 10 dose **\$19.99**

**Express™ 5-HS**  
IBR, BVD Types 1 & 2, PI3, BRSV (MLV)  
**H. Somnus Bacterin (Boehringer Ingelheim)**  
Inject 2 mL SQ. Repeat in 14-28 days & once annually. Calves vaccinated before 6 months of age should be revaccinated at 6 months. A 2 mL booster is recommended prior to time of stress or exposure.

**Do not use in pregnant cows or nursing pregnant cows. 21 day slaughter withdrawal.**

A9-EH 10 dose **\$20.00**

**Stimulator® 5**  
(Bimeda) Vaccine developed to simulate a strong, protective immune response in stocker & feeder calves 5 months of age or older against Bovine Viral Diarrhea Type 1 & Type 2 and against Bovine Rhinotracheitis. Requires mixing. Administer 2 mL SQ in the side of the neck. Do not vaccinate pregnant cows. Do not use in calves nursing pregnant cows.

TV-PL 10 dose **\$11.99** TV-PN 50 dose **\$46.99**

**Vista™ 5 L5 SQ**  
IBR, PI3, BRSV (MLV), BVD Types 1 & 2 & 5 strains of Lepto including Hardjo-bovis (Merck) Administer one 2 mL dose SQ, 14-60 days prior to breeding. Revaccinate annually. Requires mixing. The only one-dose L. hardjo-bovis protection in combination with 5 way MLV viral.

- At least 217-day IBR reproductive duration of immunity (DOI)
- At least 206-day reproductive BVD Type 1 DOI & BVD Type 2 DOI
- Persistent infection (PI) protection for BVD Type 1 & 2
- No negative effect on milk production

I6-VS 10 dose **\$19.99** I6-VT 50 dose **\$82.00**

**Vista™ 5 VL5 SQ**  
IBR, PI3, BRSV (MLV), BVD Types 1 & 2, Vibrio, & Lepto 5 including Hardjo-bovis (Merck) Administer one 2 mL SQ 14-60 days prior to breeding. Revaccinate annually. Requires mixing.

I6-VA 10 dose **\$27.99** I6-VB 50 dose **\$109.99**

**Titanium™ 5**  
IBR, PI3, BRSV (MLV), BVD Type 1 & 2 (Elanco) Give 2 mL SQ. For primary vaccination, booster with BRSV in 2-4 wks. Calves vaccinated before weaning should be revaccinated 30 days after weaning. Safe for pregnant cows, or calves nursing pregnant cows, providing cows were vaccinated according to label directions with Titanium 5 or Titanium L5 HB, 30 to 60 days prior to breeding. Revaccinate annually.

A2-G1 10 dose **\$13.99**  
A2-G2 50 dose **\$59.99**

**Titanium™ 5 L5 HB**  
IBR, PI3, BRSV (MLV) BVD Type 1 & 2 & Lepto 5 (Elanco) Give 2 mL SQ. Calves vaccinated before weaning should be revaccinated 30 days after weaning. Revaccinate annually. Safe for pregnant cows, or calves nursing pregnant cows, providing cows were vaccinated according to label directions with Titanium 5 or Titanium L5 HB, 30 to 60 days prior to breeding.

A2-G3 10 dose **\$17.99**

## One Shot®

**Mannheimia Haemolytica Bacterin -Toxoid (Zoetis)** Helps protect against respiratory infections & shipping fever caused by Mannheimia (Pasteurella) haemolytica Type A1. Contains leukotoxin to neutralize lung-damaging leukotoxins. Administer single 2 mL dose SQ to healthy cattle. Booster recommended whenever stress or exposure is likely.

**N2-PT 10 dose \$35.99**  
**N2-PU 50 dose \$164.99**

# INTRANASAL RESPIRATORY VACCINES

**APPROVED FOR NEWBORN CALVES.**

## INFORCE™ 3

**IBR, PI3, BRSV (MLV) (Zoetis)** For vaccination of healthy cattle to prevent respiratory disease caused by BRSV & aid in preventing respiratory disease caused by IBR & PI3. Give 1 mL intranasally in each nostril. Calves vaccinated under 6 months should be vaccinated after 6 months of age. Requires mixing. Revaccinate annually. **21 day slaughter withdrawal.**  
**N2-I1 25 single dose \$62.99 N2-I2 10 dose \$20.00**  
**N2-I3 25 dose \$62.49 N2-I4 50 dose \$78.99**

## Once PMH® IN

**Mannheimia haemolytica-Pasteurella multocida (Merck)** Protects against respiratory disease (bacterial pneumonia) in cattle 1 wk of age or older. Rehydrate freeze dried bottle with the bottle of diluent included. Mix well. Administer a single 1 mL dose into each nostril or 2 mL only into one nostril. Annual revaccination is recommended. Protects against the leading causes of Bovine Respiratory Disease (BRD).  
**16-PM 10 dose \$31.99 16-PN 50 dose \$162.99**

## Nasalgen® IP

**IBR, PI3 (MLV) (Merck)** For the vaccination of healthy cattle 5 months of age or older. Calves vaccinated under 5 months of age should be revaccinated at 5 months of age or weaning. Dosage: 2 mL in one nostril or 1 mL in each nostril. Annual booster is recommended. **Slaughter withdrawal: 21 days. Safe for use in pregnant cows or calves nursing pregnant cows.**  
**SH-N3 10 dose \$8.99 SH-N5 50 dose \$33.99**

# REPRODUCTION

**SAFE FOR PREGNANT COWS.**

## ReproSTAR® L5 HB

**(Elanco) Leptospira Canicola-Grippotyphosa-Hardjo-Icterohaemorrhagiae-Pomona Bacterin** Protects against 5 strains of Lepto including U.S. isolate L. Hardjo-Bovis. Inject (2) 2 mL SQ 4-6 wks apart. Contains Xtend® adjuvant for a prolonged immune response.  
**G5-RN 10 dose \$17.99**  
**G5-RO 50 dose \$74.99**

## Vib Shield® Plus L5

**(Elanco) Vibrio (Campylobacter Fetus), Leptospira Canicola-Grippotyphosa-Hardjo-Icterohaemorrhagiae-Pomona Bacterin** Protects against reproductive losses due to Vibrio & 5 strains of Lepto. Give one 2 mL dose IM 2-4 wks before breeding. Revaccinate annually.  
**G5-VE 10 dose \$12.49 G5-VF 50 dose \$47.00**

## Lepto Shield® 5

**(Elanco) Leptospira Canicola-Grippotyphosa-Hardjo-Icterohaemorrhagiae-Pomona Bacterin** Give 2 mL IM in healthy cattle or swine. In swine, a 2nd vaccination in 3-4 wks is required. Annual 2 mL dose recommended. **Safe for pregnant animals.**  
**G5-L1 10 dose \$7.49**  
**G5-L2 50 dose \$26.99**

## Spirovac™ L5

**(Zoetis) Leptospira borgpetersenii serovar hardjo bovis, Lepto 5, L. Pomona, L. grippotyphosa, L. canicola & L. icterohaemorrhagiae.** Vaccinate healthy cattle 4 wks of age or older, including pregnant and/or lactating cows. Dosage: Inject 2 mL dose SQ or IM high on the side of the neck. Repeat in 4-6 wks. As an aid in preventing fetal infections, administer the second dose 2 weeks prior to breeding. Revaccinate annually. **21 day slaughter withdrawal.**  
**N2-SO 50 dose \$202.99**

## Spirovac™ VL5

**(Zoetis) Leptospira borgpetersenii serovar hardjo-bovis, L. pomona, L. grippotyphosa, L. canicola, L. icterohaemorrhagiae and Vibrio (Campylobacter fetus)** For the vaccination of healthy cattle over 4 wks of age including pregnant cows & heifers, as an aid in the protection against vibrio plus five strains of lepto, including L. hardjo. Dosing Instructions: administer 5 mL SQ or IM 4-6 wks apart with booster given as necessary. In calves 4 wks of age with a second dose 4-6 wks later. **21 day slaughter withdrawal.**  
**N2-SP 10 dose \$43.99**  
**N2-SQ 50 dose \$199.99**

## Staybred® VL5

**(Zoetis) Vibrio (Campylobacter Fetus), Leptospira Canicola-Grippotyphosa-Hardjo-Icterohaemorrhagiae-Pomona Bacterin** For the vaccination of healthy cattle as an aid in preventing Vibrio. Dosage: 2 mL IM for cows & heifers, 1-7 months prior to breeding. Revaccinate annually. **Safe for pregnant cows. 21 day slaughter withdrawal.**  
**N2-S9 50 dose \$62.99**

# TRICHOMONAS

**INFERTILITY PROTECTION**

## TrichGuard®

**Trichomonas Foetus Vaccine, Killed Protozoa (Boehringer Ingelheim)** Protection against infertility caused by Trichomonas in cattle. Inject 2 mL dose SQ. Repeat in 2 to 4 wks. The last injection should precede the breeding season by 4 wks. **Safe for pregnant cows.**  
**A9-T5 10 dose \$47.99**  
**A9-T6 50 dose \$206.99**

# TETANUS

**SAFE FOR PREGNANT COWS & CALVES NURSING PREGNANT COWS.**

## Tetanus Toxoid Concentrate

(Colorado Serum) Long term protection for the prevention of tetanus. Inject IM as follows: horses & cattle inject a 1 mL IM. For swine, sheep, & goat inject .5 mL IM. Repeat in 3-4 weeks. Revaccinate annually. **21 day slaughter withdrawal.**

**C8-T4 10 dose vial \$23.99**

**C8-TB 1 dose vial (box of 10 only) \$22.99**

**BEST SELLER**

## Tetanus Toxoid

(Colorado Serum). Long term protection for the prevention of tetanus. Sheep, goats & swine: 2 doses of 1 mL per 100 lbs IM each 30 days apart. Cattle & horses: at least 2 doses of 10 mL each 30 days apart. Revaccinate annually.

**C8-T5 10 mL \$9.99 C8-T6 50 mL \$21.99**

## Prestige® Tetanus

**Tetanus Toxoid.** Effective for the vaccination of healthy horses, cattle, swine & sheep 6 months of age or older against tetanus. Administer 1 mL intramuscularly. Repeat a single dose 3-4 weeks.

**I6-13 Single dose syringe w/needle \$8.99 10 or more, ea \$8.49**

# WARTS

## Wart Virus Vaccine

(Colorado Serum) For the prevention of viral warts (papilloma) for cattle. Often used to aid in a treatment effort as well, to stimulate an immune response against the strains of wart virus. Calf Dose: 10 mL—Inject 5 mL subcutaneously in two separate sites along the side of the neck. Cattle Dose: 15 mL. Inject 7.5 mL subcutaneously in 2 separate sites along the side of the neck. Repeat at 3 to 5 wks. **Safe for pregnant cows & calves nursing pregnant cows. 21 day slaughter withdrawal.**

**C8-W1 50 mL \$29.99 C8-AC 90 mL \$56.99**

## Wartsoff™ Wart Remover Ointment

An aid in effectively removing external warts on cattle, horses, dogs & goats. Apply twice daily. Completely cover wart & rub in well. Can be applied to teats & udder of dairy cows after milking. 4 oz.

**BW-W1 \$12.99 12 or more, ea \$8.99**

# ANTHRAX

## Anthrax Spore Vaccine

(Colorado Serum) From a relatively nonpathogenic, encapsulated variant strain of B. anthracis. Contains viable spores suspended in diluent containing saponin, fully tested for purity, dissociation, spore count, safety & potency. For vaccinating all domestic farm animals against anthrax. Administer 1 mL SQ, about 4 weeks before the disease usually appears. In heavily contaminated regions give a booster 2-3 wks after initial dose. **Only available in those states having problems with Anthrax.**

**C8-A1 10 dose \$12.99 C8-A3 50 dose \$39.99**

# RABIES

## Nobivac 3-Rabies Vaccine

(KV) (Merck) For the immunization of cattle, sheep, healthy dogs & cats against Rabies. Dosage: Cattle & sheep- 2 mL IM at 3 months or older, repeat in 1 year & annually thereafter. Dogs & cats- 1 mL SQ at 3 months or older, repeat in 1 year and every 3 years thereafter. Tags included. **21 day slaughter withdrawal.**

**SH-RB box of (50) 1 mL vials \$101.99 2 or more, each \$99.99**

**SH-RA 10 mL vial \$27.99 5 or more, each \$26.99**

## Before You Order Rabies Vaccine....

The states of AK, AL, AR, CA, CT, GA, HI, IA, ID, IL, IN, KS, MD, ME, MN, MO, MS, MT, NC, ND, NE, NV, NJ, NM, NY, OR, PR, RI, SC, TN, TX, UT, WA, WV & WY have laws prohibiting the shipment of rabies vaccine to these states. State laws are often changed so this list cannot be considered complete. **In addition, some state & local laws require that rabies vaccines be administered by a licensed vet only & make it illegal for you to vaccinate your own animal or refuse to recognize the vaccination if you do it yourself.** Before you order rabies vaccines, investigate your local laws & regulations. Do not order unless you find it is legal for you to buy & administer rabies vaccine to your animals.

A resource for beginners & experienced birdwatchers alike. Covering 196 bird species that are attracted to backyard bird feeders, this book helps the reader not only attract & identify birds but also understand their behavior & adaptations to the environment.

**FY-E6 \$24.99**

# FOOT ROT

## Fusogard® Fusobacterium necrophorum

(Elanco) Provides effective, season-long foot rot protection. Dosage: 2 mL SQ in healthy cattle 6 months of age or older. Revaccinate in 21 days with another 2 mL dose. **Safe to use in pregnant animals. 21 day slaughter withdrawal.**

**G5-F1 10 dose \$16.99 G5-F2 50 dose \$71.99**

See pages 38-39 for more FOOT ROT Products.

# E. COLI & OTHER VACCINES

## First Defense™

**Antibodies against E. coli & Coronavirus (ImmuCell)**  
Protects against scours caused by K99 E. Coli and coronavirus in calves. **Give 1 capsule to each newborn calf within 12 hours of birth.** Each package contains 5 single dose capsules.  
**WV-F1 box of 5 \$41.99**

## First Defense™ Gel Tube

**(ImmuCell)** Provides specific globulin proteins to help strengthen the immune system of newborn calves. Concentrated & easily absorbed for immediate intestinal support & protection against disease. Derived from natural bovine colostrum, ready to use gel is blue in color to ensure and trace proper dosage. **Dose: 1 gel tube per calf within 12 hours after birth.**

**WV-F2 30 mL (single dose gel) \$10.99**

## Calf-Guard®

### Bovine Rota-Coronavirus Vaccine (MLV)

**(Zoetis)** Calves: give a 3 mL dose as soon as possible after birth into back of calf's mouth. Vaccination of calves older than 1 day may not be effective. Cows: give 2 doses IM given 3-6 wks apart during late pregnancy. Cows should be revaccinated with 2 doses during each subsequent pregnancy. **For the vaccination of healthy newborn calves or pregnant cows. 21 day slaughter withdrawal.**

**N2-G2 box of 25 (single dose vials) \$119.99**

# COCCIDIOSIS PREVENTION & TREATMENTS

## AmproMed™ (Amprolium) 9.6% Solution

**(Bimeda)** Aids in the treatment & prevention of coccidiosis caused by Eimeria bovis & E. zurnii in calves. Administer in drinking water or as a drench. Drinking water treatment: add 16 oz per 100 gals of water. Prevention- add 8 oz per 100 gals of water. Drench treatment: add 3 oz to 1 pt of water, give with a dose syringe at the rate of 1 oz per 100 lbs of body wt; prevention- add 1.5 oz to 1 pt of water, give with a dose syringe at the rate of 1 oz per 100 lbs of body wt. 9.6% Amprolium.  
**24 hour slaughter withdrawal.**

**MOB-AI Gal, Freight 10 lb \$59.99**

## Corid 20% Soluble Powder

**(Merial)** For treatment & prevention of coccidiosis in calves. Can be administered in the drinking water or as a drench. Treatment: mix 10 oz with 125 gallons water & offer as the only water source for 5 days. Prevention: mix 10 oz with 250 gallons water & offer as the only water source for 21 days. **Slaughter withdrawal: 24 hours. Do not use in calves to be processed for veal.**

**A2-CD 10 oz \$21.99 12 or more, ea \$19.99**

## Salmonella

### Dublin-Typhimurium Bacterin Bovine isolates

**(Colorado Serum)** For use in healthy cattle as an aid in the prevention of Salmonella infections. Dosage: 2 mL SQ; revaccinate in 14 - 21 days. Revaccinate pregnant cows annually with a single injection. **Safe for adult cattle, pregnant cows (4-6 wks prior to calving) & newborn calves. 21 day slaughter withdrawal.**

**C8-S2 100 mL \$34.99**

# SCOURS

## Guardian® Scours Vaccine

**Bovine Rota-Coronavirus (KV) & E. coli, Clostridium Perfringens Types C & D (Merck)** Protection against 3 types of Cl. perfringens. Convenient & reliable scours vaccine. Dosage: 2 mL SQ 3 months prior to calving, repeat in 3-6 wks. Revaccinate 5-7 wks prior to subsequent calving. **60 day slaughter withdrawal.**

**SH-GS 10 dose \$49.99 SH-GT 50 dose \$234.99**

## Scour Bos® 9

**Bovine Rota-Coronavirus Vaccine (KV), Clostridium Perfringens Type C-Escherichia Coli Bacterin-Toxoid (Elanco)** Prevents diseases caused by bovine rotavirus, bovine coronavirus, Clostridium perfringens Type C, & K99 pilated E. coli. Use on dairy cows during dry period. Administer 2 mL IM 8-16 wks prior to calving. Revaccinate with (Scour Bos 4) 4 weeks prior to calving. Revaccinate with one dose of (Scour Bos 9) 8-10 weeks prior to each subsequent calving. **60 day slaughter withdrawal. Not available for sale in LA.**

**G5-S2 10 dose \$45.99 G5-S3 50 dose \$201.99**

**ScourGuard 4KC® Bovine Rota-Coronavirus (KV) & E. coli, Clostridium Perfringens Type C Bacterin (Zoetis)** For vaccinating pregnant cows to protect their calves against viral & bacterial scours caused by the agents above. **Give 2 doses IM approximately 3 weeks apart to pregnant cows. Second dose should be 3 to 6 weeks prior to calving.**

**N2-S5 10 dose \$56.99 N2-S6 50 dose \$254.99**

# ANTIBODIES

## Bovi-Sera Serum Antibodies

**(Colorado Serum)** For prevention and treatment of A. pyogenes, Pasteurella multocida, E. coli, Salmonella typhimurium, and Mannheimia haemolytica in cattle & sheep. Inject IM or SQ. For prevention, give calves 20-40 mL as soon as possible after birth; give cattle 50-75 mL; give sheep 10-15 mL. For treatment, give calves 40-100 mL; give cattle 75-150 mL; give sheep 20-40 mL. Administer every 12 to 24 hours until improvement is noted.

**C8-B4 20 mL \$9.99 C8-B5 250 mL \$49.99**

### Luer Slip Syringes with Needle

Sold in boxes of 100

- XQ-CU** 3 mL syringe with 22 ga x 3/4" needle **\$13.99**
- XQ-CW** 3 mL syringe with 22 ga x 1" needle **\$13.99**
- XQ-CS** 3 mL syringe with 20 ga x 1" needle **\$13.99**

### Luer Lock Syringes with Needle

Sold in boxes of 100

- XQ-CY** 3 mL syringe with 22 ga x 3/4" needle **\$15.99**
- XQ-DO** 3 mL syringe with 20 ga x 3/4" needle **\$15.99**
- XQ-D1** 3 mL syringe with 22 ga x 1" needle **\$15.99**
- XQ-E5** 6 mL syringe with 20 ga x 1" needle **\$19.99**
- XQ-D5** 12 mL syringe with 18 ga x 1" needle **\$19.99**

### Luer Slip Syringes

Sold in boxes of 100

- XQ-C8** 1 mL (cc) **\$11.99**
- XQ-CC** 6 mL (cc) **\$18.99**
- XQ-CA** 3 mL (cc) **\$11.99**
- XQ-CE** 12 mL (cc) **\$21.99**

### Luer Lock Syringes

Sold in boxes of 100

- XQ-CM** 3 mL (cc) **\$11.99**
- XQ-CO** 6 mL (cc) **\$18.99**
- XQ-CQ** 12 mL (cc) **\$21.99**

Sold in boxes of 50

- XQ-DD** 20 mL (cc) **\$24.99**
- XQ-DM** 35 mL (cc) **\$16.99**

### Aluminum Hub Needles

Sold in boxes of 100

- XQ-A8** 16 ga x 1" **\$18.99**
- XQ-AA** 16 ga x 1 1/2" **\$18.99**
- XQ-A2** 14 ga x 1" **\$19.99**
- XQ-A4** 14 ga x 1 1/2" **\$19.99**
- XQ-A6** 16 ga x 3/4" **\$19.99**
- XQ-AC** 18 ga x 3/4" **\$19.99**
- XQ-AE** 18 ga x 1" **\$15.99**
- XQ-AG** 18 ga x 1 1/2" **\$15.99**
- XQ-AI** 20 ga x 1" **\$15.99**
- XQ-AK** 20 ga x 1 1/2" **\$15.99**

### Poly Hub Needles

Sold in boxes of 100

- XQ-BL** 16 ga x 1/2" **\$12.99**
- XQ-BN** 16 ga x 1" **\$12.99**
- XQ-BP** 16 ga x 1 1/2" **\$12.99**
- XQ-AN** 18 ga x 1" **\$12.99**
- XQ-AP** 18 ga x 1 1/2" **\$12.99**
- XQ-AR** 20 ga x 1" **\$12.99**
- XQ-AX** 20 ga x 1 1/2" **\$12.99**
- XQ-C2** 22 ga x 3/4" **\$12.99**
- XQ-C4** 22 ga x 1" **\$12.99**
- XQ-C6** 25 ga x 3/8" **\$12.99**

\*XQ-BL, 16 ga x 1/2", Ideal for SQ Ivomec injections

### Stainless Steel Needles

Sold by the dozen

- I3-G2** 14 ga x 3/4" **\$5.49**
- I3-G0** 14 ga x 1 1/2" **\$5.49**
- I3-G7** 16 ga x 1/2" **\$5.49**

# BANDERS & CASTRATING

**NOTE: Tetanus Toxoid vaccination (page 16) highly recommended before castration.**

## Callicrate Pro Bander

(No Bull Enterprises) Features a built-in band cutter, (5) Callicrate PRO Loops™ & Carrying Case. Allows for bloodless band castration for any size bull from 300 lbs. to 3,000 lbs. Use for delayed castration, allowing bulls to grow & develop muscling. Large simple-to-load loop makes proper placement easy. Highly visible bright green solid latex loops do not require crimping & are 3x stronger than pre-made latex rings. 360° tension indicator provides custom application of tension for immediate & complete blocking of the blood vessels, for shorter scrotal drop time with less pain & swelling. Scrotum should fall off in 20 to 35 days. **Vaccinate with Tetanus Toxoid.**

5P-A1 Kit **\$379.99** 5P-AB Repl. bands, 25 bag **\$69.99** 5P-AC Repl. bands, 100 bag **\$278.99**

**FREE FREIGHT!**

## Callicrate Smart Bander

(No Bull Enterprises)

Eliminates the stress & complication of elastrator rings & surgical castration, while

allowing for increased weight gain of bulls. Quick & easy to use. Sense the proper tightness every time, regardless of operator or size of the animal. Includes bander, cutter, 5 bands, & carrying case. Also used for horn removal. Repl. bands & cutters are available.

5P-C1 Kit **\$356.99**

5P-C2 Repl. bands (25-pk) **\$69.99**

5P-C3 Repl. bands (100-pk) **\$262.99**

5P-C4 Repl. cutter **\$6.99**

## Castrator Bands

Rubber rings for use with band castrators. **Color may vary.**

IA-M2 100 pack **\$2.99**

12 or more, ea **\$2.45**

# OB SUPPLIES & BREEDING AIDS

## Estrotract Breeding Indicator

As mounting activity occurs, the indicator's silver & black surface inks are rubbed off by the friction. This will reveal the indicator color (red/orange). Application: Indicators should be warmed to approx. 100 degrees prior to applying to keep them pliable. Application site can vary depending on fly counts as excessive tail flicking can rub the indicator. Ideal placement is halfway between the hip & tail head. Brushing loose hair from the application site will allow the indicator to stick more firmly.

AHI-AD 50 Units **\$61.99**

**SPECIALIST RECOMMENDED!**

## Kamar® Heat Detectors

(Kamar, Inc) Detector turns red when activated by bulling activity.

K1-D1 box of 25 **\$36.09**

 **WARNING** **Valued California Customers** As of August 31, 2018, we have been forced to comply with the California Prop 65 Law. This California Law states- any product or product packaging, produced after August 31, 2018, and offered to residents of California, that contain any one of the chemicals found by the state of California to possibly cause health concerns, be posted with a California Prop 65 Warning Label. To immediately comply with this California Law, we are working diligently with our suppliers to identify all products that contain chemicals as defined by California Prop 65. Some of the products may be temporarily unavailable to ship to California until the product or product packaging has the warning label or identified as unaffected by Prop 65. This Law does not affect products manufactured before August 31, 2018.

**Thank You For Your Order!**

## SHIPPING INFORMATION

Your order will be shipped the most cost efficient way, unless a specific delivery method is requested by the customer. We primarily ship UPS, USPS and FedEx Ground.

### FOB Shipping Information (If Applicable)

1. To estimate FOB charges, identify item that has a noted FOB weight.
2. Go to the zone CHART A. Find the first 3 digits of your zip code to determine your zone.
3. Locate your zone on the top of CHART B.
4. Find the weight on left side of CHART B.
5. Where these 2 columns intersect, determines your UPS FOB charges.
6. You may call for **exact** FOB charges.
7. When figuring FOB, calculate those items that can reasonably be shipped together.

**FREE Shipping:** As long as your order is \$49.00 or above & has no items with an FOB charge. (Doesn't apply to Bios)

**Service Charges:** For orders under \$49, add a \$6.99 service charge. For orders \$49 or above, service charges are eliminated. All items are shipped freight prepaid in the Continental United States unless shown as an FOB item. Note: Air Shipping, COD charges, Oversized shipping costs, Freight charges and orders to Alaska, Hawaii, Puerto Rico, Virgin Islands & APO addresses not included. International Orders are shipped via standard mail by the U.S. Post Office.

**Oversized Freight Policy:** Oversize charges for larger packages shipped via Ground services will be replaced with a simpler rate calculation based on dimensional weight. Dimensional weight will only apply to UPS packages measuring three cubic feet (5,184 cubic inches) or larger. Billable weight will be based on either the actual weight or dimensional weight of your Ground package, whichever is greater. For more information, call a JEFFERS sales rep at 1-800-JEFFERS. NOTE: Large quantities purchased of certain products may result in additional shipping charges. You will be notified if additional charges apply.

**Vaccines:** Vaccines are shipped Monday through Thursday in a padded envelope with an ice pack (extra ice packs are \$1 each). We strongly recommend, if you are not in a one-day area, to overnight your vaccines in an insulated container to prevent you from receiving hot vaccines. We ship Next Day Air for \$24.95 & 2nd Day Air for \$21.95. Insulated containers are strongly recommended & are available for \$6.99. If you are purchasing more than \$250.00 worth of vaccines, in zones 1-4, overnight shipping is free. Please remember that vaccines are non-returnable & non-refundable. Call 1-800-533-3377 if you have any questions.

## 4 Easy Ways to Order!

**Online:** Visit our website at [www.JeffersLivestock.com](http://www.JeffersLivestock.com)

**Phone:** 1-800-JEFFERS (1-800-533-3377)

Hours: Mon.-Fri. 6 am to 10 pm CST, Sat.-Sun. 6:30 am to 9:30 pm CST  
Calls may be monitored and recorded for quality assurance.

**Mail:** Complete the order form & mail to: **JEFFERS, PO Box 100, Dothan, AL 36302-0100.** For your convenience, please use the order form provided in this catalog. The charts to the right will assist you in figuring freight charges. If you need assistance, call 1-800-JEFFERS & we'll help you.

**Fax:** (334) 793-5179, 24 hours a day, 7 days a week.

### 3 Easy Ways to Pay!

**Credit Cards:** We accept Visa, Master Card, Discover and American Express. Please have your credit card account number and expiration date handy when you place your order.

**Check:** Mail-in orders may be paid by check or money order. A \$30 fee will be assessed for returned checks.

**Electronic Checking By Phone Service:** You can make check payments over the phone. This eliminates the need to use COD. Electronic checking only costs \$3.00, while COD costs \$12.00. If you use COD, you must be home when the package arrives. If you use electronic checking you don't have to be home. For additional information call 1-800-JEFFERS.

**PO Box Orders:** If shipping an order to a PO Box and the weight of your order is over 2 lbs, please contact a Jeffers® Customer Service Rep at 1-800-533-3377 for a shipping quote.

**Special Orders:** There will be a 20% restocking fee on any returned special ordered item.

**To Canadian Customers:** Please remit all orders in US funds. Duty, GST and Brokerage Fees, PST (if applicable) will be collected at delivery. We can ship everything except Bios. No CODs accepted from Canada. Note: Additional charges added by any delivery service or Customs, cannot be refunded by JEFFERS.

**Alaska & Hawaii Residents:** Please call 1-800-JEFFERS for assistance calculating charges.

**Gift Cards:** Gift Cards are available in any denomination.  
Call your Customer Service Representative and ask for item Z1-GC.

**Damages & Shortages Policy:** Please check your order upon receipt. Damages and shortages should be reported to JEFFERS immediately so that a Customer Service Rep can correct any problems. For damaged items, please save all packing material and items for inspection. A Customer Service Rep will contact the delivering carrier immediately on your behalf. Please contact your JEFFERS Customer Service Rep at 1-800-533-3377 if you have questions or need any assistance.

**SATISFACTION GUARANTEED:** Your business is appreciated. If you are not completely satisfied with an item, simply return it along with the invoice & it will be refunded, replaced or exchanged for you. This does not include shipping & handling charges. Personalized, monogrammed or custom items are not returnable. Please fax, e-mail or mail verification for these items to guarantee accuracy. Vaccines are not returnable. Items showing signs of use are subject to a 20% restocking fee. Drop ship items are not returnable, check with a Customer Service Rep before ordering these items. Prices are subject to change without notice. Because of the possibility of typographical or human error, Jeffers disclaims responsibility for errors. Jeffers also disclaims any responsibility for the use or misuse of products & the methods of use described in this catalog. The manufacturers label should always be followed. NO Jeffers employee is authorized to recommend any

### Blade Wash™ Cleaner

Easily flushes away hair from blades & removes coagulated, factory applied preservatives. Provides some lubrication.

03-BA 18 oz **\$9.99**

### Kool Lube 3™

Acts as a coolant, lubricant & cleaning agent. Provides significantly faster cooling. Won't harm most plastics. Dries faster. Contains NO Ozone depleting chemicals.

03-A2 14 oz **\$12.99**

### Spray Disinfectant

Prevents mold & mildew on hard surfaces. Disinfect & clean tools & equipment. Ozone safe.

03-D5 16 oz **\$9.99**

### Premium Lubricating Oil

Keeps blades & bearings lubricated for maximum efficiency. Refined to the highest degree of purity in a petroleum oil.

03-AA 4 oz **\$3.99**

### Gear Lube™

Electric Clipper Grease. A tough, hard-working lubricant designed for use with electric clippers. Stands up to continuous clipper use.

03-A8 1 1/4 oz **\$5.99**

### Universal Comb® Attachments

Allows you to cut hair to a specific, uniform length. Easy to use; simply attach comb to the base of the blade, pull up & secure into position. Specially designed to fit most Oster® Clippers (except for the Clipmasters, Shearmasters & Showmaster).

Also fits Andis® & Wahl® brands.

### Individual Combs

03-CM 1/2" L 03-CN 3/4" L 03-CP 1" L  
**\$3.49 each**

### A5 Replacement Lever

The part that moves the cutting blade on the clipper back & forth. Using a clipper with a worn out lever may cause excess rattling noise while in use.

03-V3 **\$3.00**

### A5 & A6 Replacement Hinge Assembly

The part that helps hold the blades in place while in use.

03-15 **\$5.99**

### Arco™ Cordless Rechargeable Clipper

(Wahl®) SPM: 5,500. Slim, lightweight, ergonomically designed. A powerful, professional clipper with 2 quick-release NiMH battery packs. Easy-to-clean clipper with a no-maintenance motor for hassle-free grooming. Features snap-on/snap-off cutting head with 5 built-in length adjustments from 0.1 mm to 3.9 mm. Each battery has a 75-min charge time & 80-min run time. Charging stand also stores clipper, brush & oil. Comes with 4 comb attachments.

WC-AJ Champagne **\$124.99 each** WC-R1 Repl. Adjustable 5-in-1 Blade **\$24.99**

WC-AK Rechargeable Battery **\$38.99**

# Sullivan Supply

Silver

Purple

Black

## Sullivan's Air Express III™

The only blower on the market to be awarded two U.S. Patents for its exclusive aerodynamics, efficient design and cartridge filter system. There simply is no other blower that matches the features, power & value of the Air Express III. Weighs 32 lbs. Sold complete with 15 ft hose, filter & hose clamp.

- The aerodynamic front end increases air velocity for more air power! The funnel design has less air restriction. More efficient airflow with less restriction means more air power to dry your livestock faster!

- The only blower with a supplemental heater. The Heat Booster increases air temperature up to 10% to dry animal faster.

- Cartridge filter slides into metal rear end cap for complete protection. No more broken filters! Larger opening in the back allows for more air intake which provides more air power.

- 15' industrial quality hose is smooth on the inside to provide more air power.

Colors: Silver, Purple & Black.

Dropshipped from manufacturer.

## Hen Boost™ Probiotic (Animal Health Solutions)

Contains vitamins, electrolytes & enzymes specifically formulated for laying hens. Supports overall health, especially during stressful periods. Stimulates immune system for a happier, healthier hen. Mix with fresh, clean water. 1 scoop per 2 gal.

**AH1-11** 8 oz, makes 45 gal **\$19.99**

# POULTRY VACCINES

## WING WEB ADMINISTRATION

### Fowl Pox Vaccine (LV)

(Hygieia) Chicken embryo propagated, freeze dried, live virus vaccine for wing web administration. Recommended for vaccination of healthy chickens aged 8 wks or older but at least 4 wks prior to start of lay. When used as indicated, it will aid in preventing the clinical signs caused by the virulent field strains of fowl pox virus. 2 prong wing vaccinator included. Requires mixing. **Do not vaccinate within 21 days of slaughter or 4 weeks prior to start of lay. Use entire bottle after mixing.**

**HYG-AA** 1000 dose **\$16.99**

### Avian Encephalomyelitis Fowl Pox-Pigeon Pox Vaccine (LV) (Hygieia)

Chicken embryo propagated, freeze dried, live virus vaccine for wing web administration in chickens. Recommended for vaccination of healthy chickens aged 8 wks or older but at least 4 wks prior to start of lay. When used as indicated, it will aid in preventing the clinical signs caused by the virulent field strains of encephalomyelitis fowl pox virus. 2 prong wing vaccinator included. Requires mixing. **Use entire bottle after mixing. 21 day slaughter withdrawal.**

**HYG-AB** 1000 dose **\$31.99**

### A.E. Poxine®

(A.E. & Fowl Pox) (LV) (Hygieia) A.E. Poxine is recommended for the prevention of avian encephalomyelitis & fowl pox when it is administered as directed to healthy pullets between the ages of 8 wks & 4 wks before the start of egg production. 2 prong wing vaccinator included. Requires mixing. **Use entire bottle after mixing. Do not vaccinate within 21 days before slaughter.**

**F7-J1** 1000 dose **\$19.99**

### 2 Pronged Wing Vaccinator (Zoetis)

**F7-JI** \$1.49

# INJECTABLE ADMINISTRATION

### POULVAC® Coryza ABC IC3 (Haemophilus Paragallinarum Bacterin) (KY)

(Zoetis) For the vaccination of healthy chickens as an aid in the prevention of clinical signs associated with *Haemophilus paragallinarum* caused by servars A, B & C. Inject 0.5 ml of vaccine SQ or IM. **Vaccinate only healthy chickens 8 wks of age or older. Revaccinate at least 3 wks following initial vaccination and no less than 4 wks prior to onset of lay.**

**F7-JC** 500 mL, 1000 dose **\$79.99**

**MG Bac® Mycoplasma Gallisepticum Bacterin (Zoetis)** For vaccination of healthy chickens & turkeys as an aid in the prevention of (CRD). Inject 0.5 mL SQ in the lower neck region for birds 1 to 10 wks of age, using aseptic technique; for birds 10 wks of age or older, may vaccinate IM or SQ. **Use entire bottle after mixing. Do not vaccinate within 42 days before slaughter.**

**F7-J8** 1000 dose **\$79.99**

### MD-Vac® CFL Marek's Disease

(Zoetis) To help prevent Marek's disease in day-old chicks. Inject 0.2 mL under the skin into the back of the neck. **Vaccinate 1 day old chicks only. Use entire bottle after mixing.**

**F7-J7** 1000 dose **\$29.99**

### Prima Tech Bottle Mount Poultry Vaccinator

(Neogen) Fully adjustable, allows for accurate dosing, in 0.1 mL increments. Packaged with 100 mL & 250 mL bottle attachments, & 3 sizes of bottle collars.

**NE-BZ** .3 mL **\$39.99**

**NE-AT** Repair Kit (spike removal tool, rpl. spike, spring, call & buffer seal) **\$4.59**

# DRINKING WATER ADMINISTRATION

### Newcastle-Bronchitis Vaccine

(B1 Type, B1 Strain, Mass. & Conn. Types) (LV) (Zoetis) Recommended for administration to healthy chickens as an aid in the prevention of Newcastle disease & of infectious bronchitis, Massachusetts & Connecticut serotypes. May be administered in drinking water as early as 2 wks of age. Diluent is not included with vaccine. **Use entire bottle after mixing. Do not vaccinate within 21 days before slaughter.**

**F7-JJ** 10,000 dose **\$23.99**

### Newcastle Disease Vaccine (B1 Type, LaSota Strain) (LV) (Zoetis)

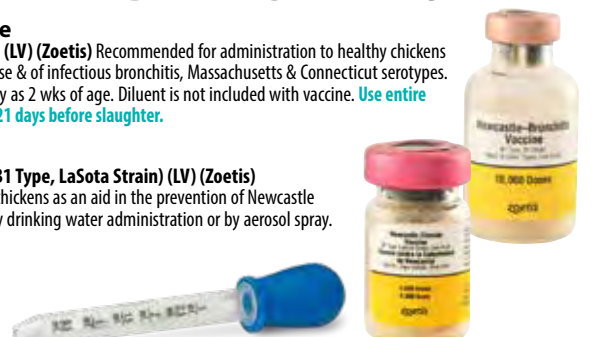

Recommended for administration to healthy chickens as an aid in the prevention of Newcastle disease in healthy chickens 14 days or older by drinking water administration or by aerosol spray. **Use entire bottle after mixing.**

**F7-JH** 5000 dose **\$19.99**

### Medicine Dropper

(Lix It) 3 mL dropper, easy to use & clean.

**L8-P2** 3 mL **\$2.00**

**BIOLOGICALS / VACCINES ARE NON-RETURNABLE & NON-REFUNDABLE.**

# FARM INNOVATORS

**FREE FREIGHT!**

## Chick Corral Starter Kit

This Chick Corral Starter Kit comes with a washable & reusable plastic corrugated wall & stand which includes a hook for a brooder reflector lamp to be hung. **Dimensions:** 32.5" x 34" x 34". (Brooder Only) Includes a washable & reusable plastic corrugated wall & stand which includes a hook for a brooder reflector lamp to be hung. Stand is adjustable allowing the height of the lamp to be modified as chicks grow. Enclosure measures approx. 3 ft in diameter & 16 in tall when assembled & is suitable for up to 15 chicks, depending on breed.

**M31-AK Freight-3 lb \$32.99**

## Incubator Thermometer

With mylar backing to keep on top of eggs. No mercury.

**M31-AL \$5.99**

## Digital Hygrometer & Thermometer

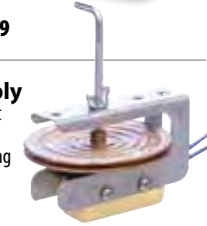

Measures humidity & displays it as a percentage. Easy to read LCD display.

**HV-AE \$26.99**

## Thermostat Assembly

22 amp snap switch, thermostat wafer, & bracket. Adjustable between 75° & 120° F, depending on room temperature.

**HV-AG \$27.99**

## Replacement Thermostat Wafer

Has threaded socket. Used on nearly all electric incubators & brooders, a number of oil brooders & some gas brooders.

**HV-T1 \$10.29**

## GroGel Plus w/ DPP

(Dawe's Poultry Probiotic) Replaces GroGel Plus B. It is a supplement & attractant for day-old poultry & a source of live (viable) naturally occurring microorganisms. Mixed with water, it provides hydration & concentrated nutrients to get hatchlings off to a great start.

**MCH-G1 100 dose pkt \$4.99**

**MCH-G2 2,000 dose pkt \$21.99**

**MCH-G3 5,000 dose pkt \$47.99**

## Brooder Lamp with Clamp

Built in hanger, aluminum reflectors with 6' cord. Double wire bulb guard. Ball joint for easy positioning.

**M3-BF \$12.99**

## Clear Lens Heat Lamp Bulbs

250 watt-125 volt. 6,000 hour bulb life. Extra thick filaments in a test tube glass bulb, with non-stick base.

**M3-HM \$4.99**

## Red Lens Heat Lamp Bulbs

250 watt-120 volt. 6,000 hour bulb life. Extra thick filaments in a test tube glass bulb, with non-stick base. Discourages pecking.

**M3-BG \$6.99**

## Halogen Infrared Heat Lamp

Halogen infrared heating stimulates high blood circulation in the animal, warming them quickly. It also covers a larger area than traditional heating systems, & the optimal temperature is achieved faster.

The luminous intensity & heating abilities remain consistent over the life of the bulb. Ideal for piglets, lambs, rabbits & poultry. **Bulbs sold separately.**

**NE-AB \$24.99**

## Bulb for Halogen Infrared Lamp

**NE-AC 175 Watt \$6.99**

## Hand Held Candler

This AAA battery hand held egg candler is designed for ease of use & mobility while checking eggs.

**M3-A9 \$10.00**

**JEF-AOL \$13.99**

# LIVESTOCK WATERERS & VALVES

## Jobe™ Megaflow Valve

A trough valve that can be mounted below the water. Water pressure opens the valve, giving a nonrestrictive full flow. A ¼ turn removes the valve for easy cleaning. Rated at approximately 59 gallons-per-minute at 45 PSI. ¾" pipe thread. Recommended operating pressure of 5-100 PSI (rated to 150 PSI). Reliable, positive on/off. Lead free.

FIL-R7 ¾" **\$67.99**

## Topaz & Megaflow Service Kit

A replacement diaphragm assembly for both Topaz & Megaflow Valves.

FIL-R2 **\$20.99**

## Jobe™ Rojo™ Valve

Fully adjustable float valve for low flow stock watering requirements. The extension arm lowers water level for top entry & extra leverage at bottom entry. Built-in check valve & water pressure shut off valve. Side, bottom & top mounting. 0-150 PSI pressure range. Lead free: Certified for use in the portable water systems.

FIL-R4 ¾" **\$37.99**

## Hose Adapter For Pipe

Attaches ¾ inch garden hose to ¾ inch pipe thread. Backnut design eliminates hose twisting. Tough UV reinforced nylon material construction. Ideal for home, farm, & industrial sites. Max pressure rating 150 PSI. Replaces conventional brass type fittings. Nitrile seals.

FIL-AL **\$11.49**

## Gravity Flow Nipple Connector Kit (Trojan)

Provides water when a water pipe line is not available. Drill a 7/8" hole in a 5 gallon bucket, 55 gallon drum, or pvc pipe. Then install the gravity flow nipple & locknut then fill with water. Easily portable watering solution for your animals.

TJ-A1 Single Kit **\$16.99**

## Stock Tank Water Cleaner (Bioverse, Inc.)

Contains all natural beneficial bacteria to break down organic sludge. Each dispenser treats up to 250 gallons of water daily for 30 days. Single contains: (1) dispenser & (2) 30-day refills. 4-pack contains: (4) 30-day refills.

B4-SA Dispenser w/2 refill packs **\$27.99**

B4-SB 2 refill packs **\$22.99**

## Gravity Flow Barrel Waterer (Trojan)

Easily installed on a tank or barrel. Cast aluminum, non porous water cup is large enough for sows & small enough for baby pigs. Works great in locations where no water lines are available. Includes cradle base for support. Requires a 1" hole for valve. Measures 7"L x 5 ½"W x 2"H.

TJ-W5 Freight 3 lb **\$93.99**

## Tough Guy Automatic Float Waterer

**FREE FREIGHT!**

Tough enough for all types of animals. Connect to garden hose to provide fresh water. Fence or wall mount. Easy to clean, just twist the large drain plug & discharge old water. Rust-proof, durable, & sun resistant. Perfect for dogs, sheep, goats, & horses. 14.9"L x 13"W & 6.10" deep.

16-T1 1.5 gallon **\$39.99** 4 or more, ea **\$36.99**

## Duramate Automatic Waterer (Miller)

Includes metal float cover & 30" female hose attachment. Adjustable float to maintain constant water level. Connects to ordinary ¾" garden hose. Includes mounting hardware to attach to fence, corral or wall. Ideal for cattle, horses, dogs & other similar sized animals. Dimensions: 17.5"L x 14.25"W x 10.5"H.

M3-D7 Freight 7 lb **\$35.99**

## Galvanized Automatic Stock Waterer (Miller Mfg)

All-purpose waterer for horses, cattle, hogs, dogs, etc. Made from heavy gauge steel. Can be easily installed at any height using bolts. Will fit a ½" pipe with left or right connection. Size: 10"L x 10.75"W x 5 ½"H. Hardware not included.

M3-W6 Stock Waterer, Freight 6 lb **\$35.99**

M3-R1 Complete Float Assembly **\$10.00**

M3-R2 Rubber Grommet **99¢**

## Trojan® Model 33 Pressure Waterer

Cast aluminum, blue, nonporous 7"L x 5 ½"W x 1 ½"D for watering all swine. Uses a trouble free, non-siphoning, patented 393 valve. Stainless steel trip plate is pressed by swine to fill cup. Orifice sleeve inside the filter controls high & low water pressure for uniform water flow. Holds up to 2 cups. All Trojan® drinking nipples are ½" thread.

TJ-W4 Freight 3 lb **\$48.99**

## Dare-O-Matic Universal Float Valve

Plastic molded case. 300 GPH Capacity. Attaches to garden hose.

D4-A1 **\$11.99**

3 or more, ea **\$10.99**

## Metal Case

Durable aluminum case with molded float. 300 GPH capacity. Attaches to garden hose.

D4-A2 **\$17.99**

3 or more, ea **\$16.99**

## Non-Siphoning Plastic Case

Complies with basic anti back-siphoning regulations. 300 GPH. Attaches to garden hose.

D4-A3 **\$15.99**

## Jobe™

## Tranzformer™ Valve

Designed to fit over the top of existing clamp on float valves. Will transform a low float valve into a high flow. Provides a higher flow without drilling holes. Screws on to water hose. Will increase refill time up to 5x faster.

FIL-AE **\$51.99**

## Hudson Water Control Valve (Hudson)

A damage proof, self regulating maintenance-free high volume water control valve. 2,400 gallon per hour at 40 PSI. Attaches to 1" pipe. 3 ¾"W x 5"H.

HD-01 **\$31.99**

## Tank Mounting Bracket

Molded one-piece PVC construction with thumb screw mounting to quickly & easily mount the 1" Hudson valve to portable tanks & troughs at the end of a standard ¾" hose.

HD-MB **\$20.59**

## Repair Kit

Includes retainer ring, diaphragm with strainer & float.

HD-02 **\$13.99**

# NIPPLE VALVES

## High-Low Pressure Nipples (Monoflo)

Shuts off automatically. All stainless steel. Standard male pipe thread.

M5-D1 ½" nipple, **\$4.99** 50 or more, ea **\$3.99**

## L-70 Water Nipple (Lixit)

Flows directly into the animal's mouth. Made of stainless steel. Can be preset to desired water pressure. Attach to ½" line.

L8-N1 **\$11.99** 12 or more, ea **\$9.99**

## Trojan® 75 Nipple Waterer

Tough corrosion resistant 304 stainless steel with a slotted poly filter. Made to fit ½" pipe. Orifice can be adjusted without removing from nipple body. Use for pigs only.

TJ-W1 **\$5.19**

# PREMISE CONTROL

## Pyranha® Spray Tip

Stainless steel with filter for spray nozzles.  
CX-AF **\$11.99** 12 or more, ea **\$9.99**

## Pyranha® Spray Nozzle

1/4" nickel silver tip.  
CX-AM **\$29.99**

## FREE FREIGHT! Pyranha® SprayMaster Kit

System includes everything you need for installation & operation in a 4 stall barn. Includes 2.5 gallons 1-10 HP insecticide concentrate, heavy-duty 55 gallon drum, motor, timer, pump, 8 spray nozzles & 160' of tubing with installation fasteners. Each nozzle provides coverage for 12 x 12 area. Controls a broad range of harmful biting insects. Easily installed with basic tools. Kit provides coverage for about 5 months.

CX-AB **\$1,899.99**

## Pyranha® SprayMaster Nozzle Kit

5 nozzles & 100 ft of tubing with installation fasteners.  
CX-AE **\$145.99**

## SprayMaster Tubing

1/4" tubing that is cut to size & sold in 1 ft increments to add or replace tubing.  
CX-1A Per Foot **99¢**

**BEST SELLER**

or visit [WWW.JEFFERSLIVESTOCK.COM](http://WWW.JEFFERSLIVESTOCK.COM)

**FREE FREIGHT ON ALL PARMAK® FENCE CHARGERS!**

## AC POWER

### Range Master

6.6 Joules. The most technically advanced ParMak fence charger. Digital performance voltage meter (accurate within 100 volts). Low impedance. Multicolored LED lights show the condition of the fence. Shut down alarm sounds & is visible when the fence charger is not functioning properly. High impact ABS housing. Charges over 100 miles of fence. UL listed. For indoor installation. Full 3-year warranty (includes lightning damage).

**P2-R1 Freight 7-lb \$249.99**

### Super Energizer 5

110-120 volt. AC operated. UL Listed. High impact ABS Housing. UV stabilized. 6.3 Joules. Single or multi-wire fence. Digital meter that shows voltage on fence. Low impedance. Designed specifically for large pastures. Ideal for livestock or predator control. Charges up to 50 miles of fence. Advanced built-in computer controlled circuitry. 3 year warranty, includes lightning damage.

**P2-PA Freight 5-lb \$174.99**

### Mark 8

110-120 volt. AC operated UL Listed. High impact ABS Housing. UV stabilized. 4.9 Joules. Single or multi-wire fence. Charges up to 30 miles of fence. Low impedance. Designed for medium size pastures. Digital meter that shows voltage on fence. Ideal for livestock or predator control. Advanced built-in computer controlled circuitry. 3 year warranty, includes lightning damage.

**P2-P2 Freight 5-lb \$149.99**

### FREE FREIGHT! Baygard Heavy Duty Poly Wire

PVC coated fiberglass gives Baygard high strength as well as low stretch & sag properties. Baygard weighs only 4.5 lb. per ¼ miles (1,312 ft in length). Baygard will not kink & is easy to re-roll and reuse. For permanent or temporary pasture & rotational grazing. 3 Aluminum conductors for maximum shocking power & conducts electricity 50x greater than stainless steel wire. 5 year U/V warranty.

**P2-1B Freight 5-lb \$45.99**

### FREE FREIGHT! Baygard HV (Heavy Duty) Equi-Tape

PVC coated fiberglass gives Baygard high strength as well as low stretch & sag properties. 50x more conductive than stainless steel. High conductivity (low resistance) aluminum wire conductors. Baygard tape is light weight, only 4.5 lb. (2 kg) per ¼ mile (656 ft in length). Will not kink & is easy to re-roll & re-use. 5 Year U/V warranty & highly visible white color with yellow edges. 1½" wide & comes on reusable Reel Easy spool. 5 year U/V warranty.

**P2-1C Freight 12-lb \$99.99**

## SOLAR POWER

### Solar-Pak 12

Includes 12 volt solar/battery (1 year warranty). State-of-the-art solar panel for superior charging power. Weatherproof metal housing. Single or multi-wire fence. Performance meter that shows voltage on fence. Low Impedance. 3.1 Joules. Ideal for livestock or predator control. Charges up to 30 miles of fence. 3 year warranty, includes lightning damage.

**P2-P8 Freight 27-lb \$309.99**

**Replacement Solar Panel**

**P2-PC Freight 9-lb \$141.99**

Use T-POSTS for more than just fencing!

# TENSIONERS

## Wire Strainer/Tightener

Heavy duty cast cog in-line tightener used for high tensile wire fencing. Spring loaded for automatic locking. 11/16" socket or wrench can be used to apply tension.

**T8-YD** **\$3.99** 20+, ea **\$3.09**

## Wire Strainer/Tightener

Heavy duty cast cog with spring loaded latch. Hot dip zinc coated frame exceeds type III specifications. No raw uncoated steel edges.

**D4-S1** **\$3.99** 20+, ea **\$3.09**

## In-Line Strainer Handle

Fits all in-line strainers.

**TRU-CA** **\$8.99**

## Tension Measuring Spring

Compression type spring to be installed in each fence line next to ratchet or wire strainer. Coil compresses to 7 1/2" to provide 250 lb of pull. 14 1/2" L. Galvanized.

**D4-T5** **\$5.99** 20 or more, ea **\$5.79**

## T-Post Corner & End Tensioner

Corner & end tensioner for 1/2" polytape installed on T-posts. All metal parts are of #300 series stainless steel.

**D4-31** Single **\$5.99**

## Fence Tightener

Made of plastic. Perfect for polywire or steel wire, 14-18 ga. Installs without cutting wire.

**D4-FT** **\$3.99**

20 or more, ea **\$3.49**

## Jake's Wire Tightener

(Thompson Equipment) Wire tightener works together with the turning tool to give leverage when applied to a fence. Also works on broken wire. Designed to maintain & retighten wire.

**ZP-J1** Regular (20-pk) **\$17.99**

**ZP-J3** Heavy Duty (15-pk) **\$23.99**

**Wire Clip Handle**

**ZP-J2** Orange **\$16.99**

## FOR WOOD OR VINYL POSTS

## Poly Tape Corner Connector

Heavy-duty. Takes all polytape up to 1 1/2" W. Suitable as a corner & end connector. Grips tape tightly. Nails included.

**D4-23** 2 pack **\$10.99**

## Poly Tape End Connector

Heavy-duty. Takes all polytape up to 1 1/2" wide. Grips tape tightly. Nails included.

**D4-24** 2 pack **\$8.99** 10 or more, ea **\$8.49**

# INSULATORS

## T-Post Tape Insulator

Takes all polytape up to 1½" wide. Grips tape tightly to prevent whipping & sawing. All weather white polyethylene.

**D4-TC 25-pk \$7.99**

## T-Post Wire Insulator

Fits standard 1.25 lb & 1.33 lb per ft studded T-posts. Yellow polyethylene.

**D4-13 Yellow (25-pk)**

**D4-A5 Black (25-pk)**

**\$4.99 ea 20 or more, ea \$3.99**

## Pinlock Insulator for T-Post

Used for high tensile & temporary electric fence. Insulator fits 1.25 & 1.33 lb per ft. T-posts. Black.

**D4-20 25-pk \$7.99**

**20 or more, ea \$7.49**

## Western Screw-Tight T-Post Insulator

Adjusts to most any size T-post & will fit ¾" to ¾" round posts & 1¼" fiberglass T-posts. Fits posts with & without studs. Holds wire 1½" from post. Yellow polyethylene.

**D4-S4 25-pk \$10.99**

**10 or more, ea \$9.49**

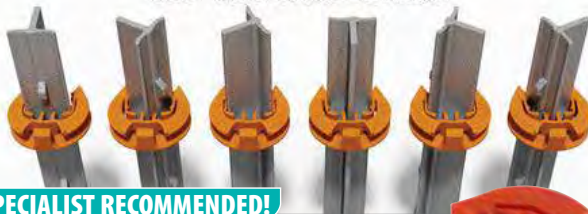

## Both Sides Insulator

Will fit on either side offering huge flexibility for cross fencing or sectioning off pastures, & may reduce the number of T-posts. Holds wire only. Extra Long 5½".

**TSF-B1 20-pk \$10.99**

### 360° MOUNTING OPTIONS

## Lock Jawz T-Post Insulator

Fits all standard T-Posts. 360 degree mounting options. In line as well as corner insulator options. Works with poly wire, poly rope, as well as steel or aluminum wire. One piece design. Made in the USA from UV-stabilized, high density polyethylene. 25 pk.

**AAB-AO Orange \$9.99**

## T-Post Extender

Extends wire full 5" from post. Fits standard 1.3 lb per ft Studded T-posts. Yellow.

**D4-T2 15-pk \$6.99**

## Snug RT Reversed T-Post Insulator

Extends wire 3" from backside of T-post. Mounts on backside of 1.25 & 1.33 lb posts. Molded of high density polyethylene with UV inhibitor. Yellow.

**D4-25 25-pk \$9.99**

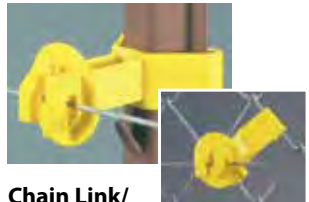

**10 or more, ea \$9.49**

## 2-Piece Insulator

Larger hole for larger posts. Fits ¼"-¾" round posts & ¾" fiberglass T-posts. Yellow polyethylene.

**D4-15 25-pk \$5.99**

## Chain Link/U-Post Insulator

Securely attaches to chain link fence. Fits 1¾" or 2½" U-Post. Holds wire 3¾" from fence. Large flare to prevent shorts. Yellow.

**D4-26 25-pk \$7.99**

**10 or more, ea \$7.49**

## Chain Link & T-Post Insulator Extender

Heavy steel bracket extends wire 5" from old fence. Fits either side of chain link fence as well as studded T-posts & U-posts. Complete with large cotter pin. Black.

**D4-T9 10-pk \$7.99 10 or more, ea \$7.49**

## Wood Post Insulator

Screw-in type doughnut insulator for wire & tape up to ½"W. May be used as a corner insulator large lag screw to eliminate the need for pre-drilling.

**T8-A3 Black (25-pk) \$7.99**

**T8-AE White (25-pk) \$7.99**

## Pinlock Insulator

For use on wood posts. Comes with 2 galvanized nails for each insulator. Black.

**D4-10 25-pk \$8.99**

**20 or more, ea \$8.49**

## Wood/Vinyl Post Insulator

For use with polywire, polyrope or high tensile wire. Use 2 galvanized roofing nails or 2 #8 x ¾" stainless steel screws (not included).

**D4-TG 25-pk \$5.99**

**20 or more, ea \$5.79**

## High Tensile Insulators for Wood Post

For high tensile fencing complete with 2 nails. Black polyethylene.

**D4-19 25-pk \$7.99**

**20 or more, ea \$7.49**

## Wood Post Insulators & Nails

Insulator with one wire hook. Nails for use on wood posts. Black polyethylene.

**D4-12 25-pk \$4.99**

## Snug SWP Wood Post Insulator

Holds wire 1¾" from post. Molded, all-weather, yellow polyethylene. 25 Pack. Single head nails included.

**D4-08 25-pk \$4.99**

**20 or more, ea \$4.49**

## Wood Post Extender

Carries wire 5" from post. Yellow polyethylene. 15 pack. Spike included.

**D4-W1 \$7.99**

**15 or more, ea \$7.49**

## Wood Post Insulator

Heavy wire holders take 2-strand barbed wire. Single head nails included. Yellow polyethylene. 25 pack.

**D4-18 \$3.99 20 or more, ea \$3.49**

## Heavy Duty Tie On Corner/End Insulator

Specifically designed for fences using polywire, polyropes, aluminum wire, high tensile & ½" polytape. Durable & easy to use.

**T8-YC 10 pk \$8.79**

## Hex Head Insulator

Drivable heavy duty lag bolt insulator. Use ½" drive or 1½" socket. Sturdy alternative to porcelain insulators. 2 ¾ inch lag bolt.

**D4-B3 Single \$3.49 10 +, ea \$2.99**

## Porcelain Insulator for Wood Post

Large & heavy-duty. Use on wood posts as line insulators & corners. Suitable for ½" polytape. Sold individually. White.

**D4-P8 Single \$2.49 2 +, ea \$1.99**

## Heavy-Duty Corner Post Bracket

Complete unit consists of galvanized bracket that extends from post 4". Black polyethylene insulator & locking nut. Black.

**D4-B2 4-pk \$8.99**

## Tubular Corner/End Post Insulator

For corners & ends on any style post. Flat-sided design resists rolling. 19" black polyethylene with a 20", 18 ga. galvanized steel insert to take high tensile strain. Black.

**D4-09 10-pk \$11.99 10 +, ea \$11.49**

## Rounded Corner Post Insulator

White polyethylene corner knob. Polyethylene: looks like porcelain. 10 pack.

**D4-16 \$2.99 25 or more, ea \$2.49**

## Porcelain Corner Insulator

Porcelain corner/end post insulator. 10 pack.

**D4-36 \$5.99 25 or more, ea \$5.49**

# SPLICING EQUIPMENT

## Splice-It Tool

Cut & splice any wire. Barbed, high tensile, or woven. Use only with LBW Wire Splices.

**S9-S1** Freight 4 lb **\$43.99**

## Splices

Use with the Splice-It Tool. Electro-Plated.

**#WW5-11-16 ga.**

Smooth/electric/woven wire fence.

**S9-T2** 50-pk **\$10.99**

**#GB5-15½ ga.**

"Gaucha" high tensile barbed wire fence.

**S9-T3** 50-pk **\$10.99**

**#SS5-12½-15½ ga.** high tensile smooth, woven wire fence.

**S9-T4** 50-pk **\$12.99**

## Gripple®

(Gripple Inc) An easy-to-use, splicing system for joining & tensioning wire or cable. Conducts electricity. Available in medium only. (With 880 lb tension limit) for 14-10 ga. wire, 15½ ga. barbed wire, single strand, field fence, or fruit & vineyard trellising (11-13 ga.).

**D4-GD** 20 pack **\$29.99**

10 or more, ea **\$27.99**

## Fence Taps

(Dare) Used to connect hook-up or grounding wire to a fence line. Connects 12½ to 14½ ga. smooth wire fence to a 12 to 14 ga. hookup wire. Crimps with a standard crimping tool.

**D4-F3** 10 pack **\$4.99**

## Line Clamp/Tap Split Bolt Style

Die cast zinc split bolt & washer with galvanized steel nut provide trouble-free connections. Use to connect hook-up or grounding wire to fence. Not a splice.

**D4-45** 10 pack **\$13.99**

10 or more, ea **\$13.49**

**FREE FREIGHT!**

## Crimping Tool

(Dare) Multi-tool hand tool to press splices & fence taps.

**D4-C2** Freight 8-lb **\$58.99**

## Wire Splicing Sleeves (Dare)

Used to lap splice 2 wires. Crimps with a standard crimping tool.

Use to splice 12½ ga. smooth wire (#DP 2-3/25 & DP 2-3/100)

**D4-SB** 100-pk **\$14.99**

Use to splice 10 or 11 ga. smooth & 14 or 15½ ga. barbed wire (#DP 3-4/10)

**D4-SC** 10-pk **\$4.99**

20 or more, ea **\$4.49**

Use to splice 9 ga. smooth or 12½ or 13½ ga. barbed wire. (#DP 4-5/10)

**D4-SD** 10-pk **\$6.99**

# WIRE, ROPE & CABLE

## Never-Rust™ Aluminum Electric Fence Wire

Bright shiny smooth finish to make it highly visible to livestock & humans.

**9 gauge (2.9mm)(0.114 in) Aluminium Wire**  
Break Load 585 lbs.

**T8-W6** 1000 ft, Freight 14 lb **\$89.99**

**12½ gauge (2.5mm)(0.098 in) Aluminium Wire**  
Break Load 480 lbs.

**T8-W1** ¼ mi, Freight 15 lb **\$95.99**

**14 gauge. Wire**

Break Load 215 lb.

**T8-WA** ¼ mi, Freight 8 lb **\$65.99**

**T8-WB** ½ mi, Freight 16 lb **\$127.99**

**17 gauge. Wire**

Break Load 90 lb.

**T8-W9** ½ mi, Freight 7 lb **\$59.99**

## Wire & Tape Winder & Spool

Quickly rewinds wire or tape. Frame comes with spool & will accommodate ¼-½ mile electric fence wire.

**D4-W2** **\$20.99**

## Electric Rope Clamp

Connects ¼" - 5/8" polyrope.

**D4-R2** 4 pack (#3098) **\$5.99**

10 or more, ea **\$4.99**

## Blue/ Green Polywire Premium

9 stainless steel wires throughout. 360 lb break strength.

**T8-PF** 1640' (500 m),  
Freight 9 lb **\$99.99**

## ½" Polytape

½" wide woven polyethylene tape with 5 stainless steel conductors. 175 lb break strength. UV inhibitors. White.

**D4-P4** 200 m (656')  
Freight 3 lb **\$28.99**  
(4¢ per ft)

**D4-P5** 400 m (1312')  
Freight 5 lb **\$50.99**  
(4¢ per ft)

## 1½" White Polytape Classic - Reinforced

1½" wide (40 mm), 656' long. Blue border, white tape with 14 stainless steel conductors. 850 lb breaking strength.

**T8-HE** Freight 11 lb **\$78.99** (12¢ per ft)

## Splicing Buckles

Splicing buckles for 1½" polytape.

**D4-33** 2-pk **\$3.99**

10 or more, ea **\$3.49**

## ¼" White Polyrope Economy

¼" white polyrope with 6 stainless steel conductors. 800 lb break strength.

**T8-WC** 656' Freight 7 lb **\$64.99**

## Insulator Tubing

Black polyethylene tubing accommodates up to 12½ ga. fence wire. Use under driveways, gates or to insulate one wire from another.

**D4-30** 50' **\$9.99**

10 or more, ea **\$9.49**

## Underground Insulated Cable

12 gauge - Cable insulation rated to 20,000 volts.

**P2-U1** 50', Freight 2 lb **\$16.99**

**P2-U2** 164', Freight 4 lb **\$39.99**

# GATES & ACCESSORIES

## Drive-Thru Electric Adjustable Gate

(Koehn) Works like an electric fence! No more opening & closing gates. Holds cattle, hogs, sheep and horses. Flexible fiberglass polyethylene arms support electrical streamers (30" L & 6" apart), bend in any direction and swing closed automatically. Easy to install.

**KM-G1** Drive-Thru Gate Freight 20 lb **\$199.99**

**KM-G2** repl. fiberglass rod, ea, Freight 2 lb **\$7.99**

**KM-G3** repl. hose w/streamers, Freight 3 lb **\$29.99**

### Steel Cased Gate Handle

**Old Ironsides® (Dare)** The heaviest, toughest Dare handle. Safety hook & body formed as one from 7/8" steel pipe.

**D4-G4** \$4.99

### Rubber Gate Handle

**Rub'R Gate® (Dare)** Yellow rubber handle. Larger stamped hood & larger flexible flanges.

**D4-G2** \$2.99

### Plastic Gate Handle 'Old Faithful'™

(Dare) High quality red plastic. Shock proof for safe handling.

**D4-G1** \$1.99

### Poly Gate Handle

Heavy duty, poly gate handle. Extra large protective hand shields & jumbo gate hook.

**T8-AJ** 9" \$4.99

### Gate Hook

For connecting one side with an electric fence & gate handle on the other side.

**T8-A4** 2 pack \$3.99

### Keep Gate Closed Sign

(Signs Up Inc.) Made from high impact styrene with U.V. coating. Measures 11.5" x 12.75".

**SIG-AB** \$7.99

### Stall Gate Latch

Comes complete with brackets & mounting screws. 10" long.

**IA-AM** \$3.99

### Expandable Spring Gate

This electric fence gate is made of strong, galvanized spring wire that expands to 20 ft. Package is complete with gate handle & 2 gate anchors, which can be mounted to T-post or wood post. Gate is specifically designed to be used with electric fencing.

**P2-1D** extends up to 20 ft **12.99**

### Spring Gate Kit

An extremely visible & highly effective gate that extends out 16 ft. to 24 ft. to form an electric gate. The kit includes a black gate handle & gate hooks. Lag bolts & Poly Gate handle included.

**T8-AK** 16 ft to 24 ft **\$18.99**

### FREE FREIGHT!

### Gate Wheel

Makes opening & closing easier. Fits gates with 1 1/2"-2" O.D. round tube.

**CO-A4** Freight 2-lb **\$20.99**

### One Handed Gate Latch

Constructed from galvanized zinc plated steel.

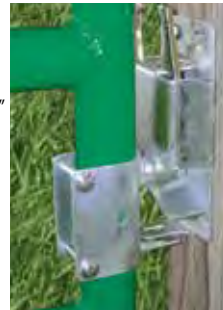

**WEA-BY** 12" chain **\$4.99**

### Sure-Latch™ Lockable 2 - Way Gate Latch

For use on gates with 1 1/2"-2" O.D. round tube. 1-handed operation. Allow a distance between gate post & gate of 2'-2 3/4". Hardware to mount latch to gate is included. Post mounting hardware is NOT included.

**CO-A9** Freight 5 lb **\$22.99**

### Sure-Stop™ Gate Anchor

Holds gate open in any position while you drive, walk or run livestock through it. Prevents gate end from sagging or swinging. May also be used as a slide latch.

**CO-A5** \$17.99

### FREE FREIGHT!

### Universal Gate Latch

Fits tubular livestock gates & fencing panels, 1 1/2"-2" O.D.

Chain not included.

**CO-C1** \$17.99

### Chain Gate Latch

Works on any wood, pipe or aluminum gate. Bracket, chain & screws included.

**IA-AK** \$2.99

# JEFFERS QUALITY SNAPS

## Double End Snaps

4" overall, nickel-plated.

**IA-BL** \$1.99

12 or more, ea **\$1.79**

4 1/2" overall, nickel-plated.

**IA-BN** \$1.99

12 or more, ea **\$1.79**

4" overall, solid brass,

**IA-BM** \$2.99

12 or more, ea **\$2.79**

4 3/4" overall, solid brass,

**IA-B0** \$2.99

12 or more, ea **\$2.79**

## Open Eye Snaps

Solid brass. 4" overall length.

**IA-N1** \$3.99

Solid brass. 4 3/4" length.

**IA-N3** \$6.99

12 or more, ea **\$5.99**

## Round Eye Bolt Snaps

Nickel-plated, die cast. 1" x 3 7/8" overall.

**IA-BT** \$1.99

12 or more, ea **\$1.79**

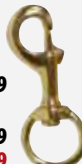

Solid Brass 1" x 3 1/2" overall.

**IA-BU** \$2.99

1 1/4" x 4 3/4" overall,

**IA-BV** \$5.49

12 or more, ea **\$4.49**

## Round Eye Bull Snaps

Nickel-plated, malleable iron, 7/8" x 4" overall.

**IA-BP** \$3.99

12 or more, ea **\$3.49**

Solid brass. Round eye, 7/8" x 3 3/4" overall.

**IA-BQ** \$4.99

12 or more, ea **\$4.49**

## Tough 1® Triggerbull™ EZ Open Snap

Open one handed. Stainless Steel.

**JTI-2K** 4" \$10.00

## Spring Snap Round Swivel Eye

Solid brass, 3/4" x 4 3/8" overall,

**IA-D4** \$4.99

# FENCE TOOLS & TESTERS

## Five O Lite Tester

Graduated electric fence tester actually shows how many volts are at the charger or on the fence line. Voltages are plainly marked up to 5,000 volts..

**D4-F2 \$10.99**

## Dare Electric Fence Tester

Can be used to determine whether the fence is on or off. Easy to use, convenient size. Packaging color may vary.

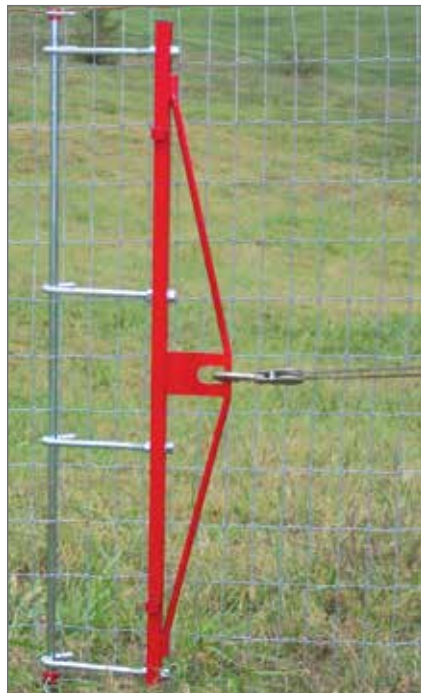

**D4-E1 \$4.29**

## Electric Fence Warning Sign

3 Bright yellow laminated vinyl signs from Dare with "Electric Fence" in bold black letters on both sides. Pre-drilled holes for hanging. 8" x 4" each.

**D4-E2 3 pack \$2.99**

## Pajik Fence Stretcher

Frame is powder-coated; some parts are zinc-coated. Comes with a 48" pull rod. Made in the USA. [See a demonstration video at www.jefferslivestock.com](http://www.jefferslivestock.com)

**PAK-AA Freight 25 lb \$129.99**

**NOTE:** Some Freight Charges are based on "Dimensional Weight" per carrier standards rather than "Actual Weight"

## 1 Amp Fuses

(Dare) Works in all electric fence controllers requiring fuses.

¼" X 1¼"L, AGC-1 amp.  
**D4-F1 5 pack \$2.29**

## Single Pole Safety Switch

Convenient off switch allows you to do repairs safely. All-weather high density polyethylene with insulated knife blade. Stainless steel contacts & galvanized wire connectors for outdoor use. Mounts on wood posts. Single pole.

**D4-S3 \$9.99**

10 or more, ea **\$8.95**

## Eight Light Voltage Tester

Designed for standard duty & low impedance fence controllers. Indicates voltage produced on a fence line or by a fence controller.

Highest blinking light indicates voltage level.

**FG-E1 \$17.99**

## FENCE-FLAG® Fence Warning Device

(Mom & Pop Products) Makes a line of fence more visible. Each pkg includes 12 flags & 12 stainless steel K-CLIPS®.

**MN-F1 white \$4.99**

## Complete Grounding Kit

All the pieces you need to ground your electric fence charger. Contains three grounding rods, three rod clamps & 50 feet of lead-out wire.

### 2 Foot Rod Kit

**T8-AF Freight 11 lb \$29.99**

### 3 Foot Rod Kit

**T8-AG Freight 11 lb \$34.99**

### 6 Foot Rod Kit

**T8-BN Freight 15 lb \$49.99**

## Hammer Pliers

Carry one tool instead of two. These easy-to-open pliers are capable of cutting & crimping wire as well as nailing on insulators & staples. In place of the old ribbed flat end, there is a real hammer head to save you time & effort.

**T8-AH \$18.99**

## Fence Pliers

(Jeffers) Heavy-duty with vinyl grip. The ideal multi-purpose tool for wire fencing. 10½"L.

**IA-AJ \$9.99**

## Wire Cutters

Pocket-size cutters with hardened jaws. Designed to cut 12½ ga. wire. 9"L overall. Especially good for hi tensile wire.

**D4-W3 \$23.59**

## Ground Rod Clamps

The brass grounding rod clamps are used to connect ground wires to 1/2" ground rods.

**FG-C2 3 pack \$9.99**

# LIGHTNING PROTECTION

## Lightning Arrestor

Designed to ground lightning charges before they reach your fence controller. Heavy-duty, farm tested on electric fences. Complete with clamps for fence & grounding.

**D4-LA \$10.99**

## Electro-Gard

Surge protector. Protect fences, computers, TV's and other solid state equipment. Limits high voltage spikes to 350 volts.

**P2-E2 \$14.99**

## Super Lightning Protector

(Field Guardian) Diverts the voltage from a lightning strike to ground before it reaches the energizer.

**T8-1B \$10.99**

# HOT-SHOT<sup>®</sup> LIVESTOCK PRODS

## The Red One<sup>®</sup>

Sabre-Six<sup>™</sup>

- Effective prod at an economical price
- No tools required; Easy to disassemble & clean
- Medium spark is most effective on clean, dry animals
- All components easily replaced by user
- Fully sealed solid state motor module
- Excellent battery efficiency

H5-R1 Handle only **\$55.99**

H5-M1 SS1 repl. motor drive **\$54.99**

## The Green One<sup>®</sup>

HS2000<sup>™</sup>

- Proven & preferred by commercial livestock haulers
- No tools required; Easy to disassemble & clean
- High output energy (strong spark) is effective on both clean, dry animals & those that are wet or have heavy hair or debris
- All components easily replaced by user
- Fully sealed solid state motor module
- Good battery efficiency

H5-B7 Handle only **\$79.99**

H5-BA HS1 repl. motor drive **\$62.99**

**BEST  
SELLER**

## DURAPROD<sup>®</sup>

- Superior ergonomic design features oversized trigger, rubber grip & hand guard
- Sealed circuitry & patented design technology to reduce feedback shock
- Operates on only 4 'C Alkaline batteries (instead of 6)
- High output energy (strong spark) is effective on both clean, dry animals & those that are wet or have heavy hair
- Fully sealed solid state motor

M3-D1 Handle only **\$95.99**

### Interchangeable Shafts

Black Flexible Lexan Shaft. Flexible polycarbonate \*Use with Hot-Shot & DuraProd.

H5-M5 23½" shaft /with handle 32" **\$18.99** H5-M7 33½" shaft /with handle 42" **\$22.99**

### White Horn Shafts

Fiberglass shafts.

H5-S8 27¾" shaft /with handle 36" **\$19.99** H5-S9 39¾" shaft /with handle 48" **\$16.99**

H5-B3 Rechargeable Battery Pk, each **\$69.99**

\*Converts Red or Green handle to RECHARGEABLE!

H5-C1 110 volt wall charging unit **\$15.49**

### 12 Volt Auto Charger

Battery charger for rechargeable battery pack (H5-B3).

M3-BL **\$15.49**

### USB Charger

For Hot-Shot Rechargeable battery pack (H5-B3).

Includes power cord and wall charger unit.

H5-AC **\$19.99**

### Magnetic Hot Shot Holder

Comes in handy in the roping pen to keep your hot shot off the ground. A durable fabric sleeve wraps around the battery pack, and magnets stick it to any steel surface, including panels, metal fencing or a roping box. Not recommended for use with rechargeable hot shots.

CR-1MW **\$49.99**

**NEW!**

### Jolt™ High Performance 200

Patented one-piece molded handle. Includes 4 "C" Cell Alkaline batteries. 2-year warranty on motor.

NE-J1 **\$74.99**

### Jolt™ Flexible Prod Shaft

Flexible shafts that fit Jolt™ handles.

NE-J4 25.5" shaft length/ with handle 36" **\$21.99**

NE-J5 31.5" shaft length/ with handle 42" **\$26.99**

NE-J7 41.5" shaft length/ with handle 52" **\$25.99**

### All Around Ranch Rope

Waxed nylon rope with rawhide burner. 30'L x 7/16"D with quick release hondo.

121-AL w/ hondo **\$24.99** 3 or more, ea **\$23.99**

121-AM w/o hondo **\$22.99** 3 or more, ea **\$19.99**

Find more ROPES at [WWW.JEFFERSLIVESTOCK.COM](http://WWW.JEFFERSLIVESTOCK.COM)  
or in the **JEFFERS EQUINE CATALOG!**

### Stock Shock

**SPECIALIST RECOMMENDED!**

(Magrath) Solid state, no moving parts. Molded of tough structural grade, high impact plastic & includes a flexible shaft. After the release of the button, it still stores 1 shock. Uses 4 high energy alkaline C batteries (included). \*Displaces 5,500 kV.

M1-S2 Power Pack & 22" shaft 38" overall length **\$72.99**

M1-S3 Power Pack & 34" shaft 49" overall length **\$74.99**

M1-AA Power Pack ONLY **\$59.99**

### Magrath Replacement Shafts

Complete with collar & nut.

M1-S4 measures end to end 22" **\$21.99**

M1-S5 measures end to end 34" **\$21.99**

### Springer Magrath Battery Stick with 12 Volt Charger

Upgrade your Springer Magrath Power Pak Handle (M1-AA) from battery-powered to rechargeable using the Battery Stick. The battery stick is capable of 300-500 battery cycles which is the equivalent of 1000 alkaline batteries. Includes 12 volt car charger.

M1-AB **\$27.99**

### POWER-MITE<sup>®</sup>

Portable, light and compact. Moisture resistant on/off feedback shock. Perfect size to fit easily into a pocket. Includes two 9-volt Alkaline batteries.

H5-C2 **\$52.99**

### Stock Master Stock Prod

Prod is transistor powered. Uses 2 "C" size batteries (batteries included). 11 inches total length and 3,000 volt peak; No moving parts & fully transistor powered making this an amazing development in stock prods! Get great power, low cost & trouble-free operation!

P2-1A **\$46.39**

### Heavy-Duty Sorting Pole (U.S. Whip)

Solid fiberglass. 5/8" diameter x 54" long. Grey.

U4-P1 Freight 1 lb **\$17.99**

### Rattle Paddle Paddle Stix

A safe, humane way to sort hogs, cattle, sheep, etc. Vinyl coated fiberglass shaft. Assorted colors.

KM-P1 42", Freight 3 lb **\$13.99** KM-P2 48", Freight 3 lb **\$15.99**

### 50" Stockyard Whip

(Jeffers) 50" fiberglass shaft, 10" tapered rubber handle & twisted nylon popper.

8" Color choices: blue, or red. 18" Color choices: black, blue, or green.

IA-W4 8" drop, Freight 1 lb **\$6.99**

IA-W5 18" drop, Freight 1 lb **\$8.99**

# FARM, TRAILER & STABLE

Find more FARM EQUIPMENT at [WWW.JEFFERSLIVESTOCK.COM](http://WWW.JEFFERSLIVESTOCK.COM)

## Super Fork Heads

(Fortiflex) Designed for long-lasting use. Light-weight. Reinforced tines are angled to provide easy manure pickup with less spilling. **Colors:** Red, Hot Pink, Blue, Mango Green, Hunter Green & Black.

**FX-SP \$10.99** 3 or more, ea **\$9.99**

## Super Fork Pole

(Fortiflex) 52" long wooden pole. Made for Super Fork Heads. Comes with bolt & nut (pole only).

**FX-AC Freight 3 lb \$9.99**

## Jeffers®

### Manure & Bedding Fork

18-tine fork made of polystyrene. Comes with 48" red metal handle.

**IA-E1 Freight 10 lb \$17.99**

**IA-E2 replacement head \$12.99**

## Leather Repair Bundle

Suitable for repair work. Each bag contains pieces & strings of various leathers.

**PL1-4AQ 1lb \$5.99** 3 or more, ea **\$5.49**

**PL1-4AR 2lb \$10.99** 3 or more, ea **\$9.99**

## Ocean Breeze®

### Evaporative Cooling System

Keeps your animals cool, healthy & comfortable during the hot summer months. This cooling system is ideal for use in barns, stables, kennels, chicken coops & hog houses.

**DIC-AA \$19.99**

## The Equine Scratcher

### Right Angle Scratcher Set

Flexible, texturized panel that is made of a durable polyethylene material, not rubber, so the scratcher will not pull hair. It allows horses to safely scratch without being abrasive. Can be used indoors & outdoors & is maintenance free. Mounting hardware is included. (3) 9" x 11" panels per set.

**SEP-BW Black \$40.99**

## Livestock Hydrator

"Perfect for anyone who has show livestock that will not drink away from home!"

2-stage easily attachable filtration system. Uses a KDF-55 & coconut carbon to filter out foul taste & smell of water. Significantly reduces chlorine, soluble heavy metals, iron & hydrogen.

**CHT-AA \$24.99**

## Trailer Aid®

(E-Quest) Lift flat tire off the ground by driving good tire onto trailer aid. Maximum trailer capacity is 6 tons. Black or yellow.

**E4-T1 Freight 6 lb \$49.99**

## GooseNeck Hook-Up Helper

When trailer hitch comes in contact with ball cover, the cover will pop off the ball hitch in the bed of the truck allowing for a connection "first time, every time". 30"L with a 3/4"W slit. Fits 2 3/4" gooseneck ball hitches. Bright yellow.

**OW-G1 \$17.99**

# ACCESSORIES FOR BOOTS

## Boot Scrubber

(Cashel) A helping hand to keep your boots, shoes, & house tidy. Place the Boot Scraper at the barn, on the porch, or in the mudroom.

**QL-DX \$26.99**

**FREE FREIGHT!**

## Boot Scrubber

(Fiebing's) Easily cleans boots, or shoes. Heavy steel frame holds stiff nylon bristles to clean soles & edges in one motion. Hardware included. "9"L x 5"H x 6"D.

**F1-B1 Freight 4lb \$24.99**

## Jeffers® Plastic Boot Jack

13" plastic boot jack with vinyl covering at the heel grip.

**IA-XM \$5.00**

## Disposable Poly Boot

(Rhinehart) Over-the-shoe boots are easy to slip on & off. Tie closure. Made of 4 millimeter polyethylene. Packed 50 boots per dispenser box. (Boots sold separately.)

**R5-B1 box of 50 \$16.99**

## Elastic Top Boots

(Agri-Pro) Quick-apply no-tie design for easy-on, easy-off convenient protection. Elastic top stretches wide to accommodate large work boots. Durable, lightweight & disposable. Embossed texturing. (approx, 19 1/2" tall, 15 1/2" heel-to-toe, fits up to size 13)

**AP-E1 3 MIL, 25 pair \$12.99**

**AP-E2 6 MIL, 5 pair \$7.99**

# PEST CONTROL TRAPS

**DU-AC** Freight 18 lb **\$54.99**

# PEST CONTROL

## BAITS, TRAPS & REPELLENT

### Stay Away® Rodent

(Earth Kind)® Repel pests without poison! To prevent & remove rodents from your home, place pouches anywhere rodents or rodent droppings are noticed. Safe for children & pets when used as directed. Replace scent pouches when scent has diminished.

CCG-AK 2 pk \$9.99

### Ramik Glue Traps

(Neogen) Non-toxic, disposable, ready-to-use glue traps without poison. Premium glue that contains a peanut scent that attracts rats & mice with no additional baits. Mice trays packaged 4/box. Rat trays packaged 2/box.

NE-25 4 pk, Mice \$3.99

12 or more, ea \$3.29

NE-26 2 pk, Rat \$3.49

12 or more, ea \$3.09

### Ramik Bars

Manufactured utilizing a special proprietary process where bait ingredients are fully blended, bonded & then shaped into weather-proof bait bars. Each 16 oz bar can be used whole or easily broken in 4 oz pieces. 1st generation anticoagulant: Diphacinone. Death may occur 4-5 days after a lethal dose is consumed.

NE1-AA 4 count, 16 oz bars \$14.99

3 or more, ea \$13.99

### Rodent Cafe Tamper-Resistant Locking Bait Station

Easy to use single lock design. Low profile. Ramped design keeps water from bait area. Accommodates any bait brand. Heavy duty construction (250 lb break load) High capacity bait chamber includes bait rods & key. Lifetime warranty. Dimensions: 10 1/2" L x 11" W x 3 1/2" H.

BNG-AA \$12.99

6 or more, ea \$11.99

### Fresh Cab Scent Rodent Repellent

(Earthkind) Plant based rodent repellent evaluated & approved for indoor use by the EPA. For current rodent infestations: place 1 pouch per 8 sq ft wherever you've seen rodent activity. Replace after 30 days. For rodent prevention: place 1 pouch per 125 sq ft. Replace every 60 days or when scent diminishes.

CCG-F1 4 pouches/box \$14.99

3 or more, ea \$12.99

### Victor® Tin Cat®

Repeating trap uses the mouse's own curiosity as bait. Holds up to 30 mice. Safe from children & pets. Made of heavy-duty galvanized steel.

BE-M1 \$13.99

### Nite Guard Solar®

Highly effective in repelling predator animals. Attacks the deepest most primal fear of night animals. The flash of light is sensed as an eye & becomes a threat immediately to the most ferocious night animals. Losing calves, sheep, goats, poultry & pets to night predators will end. Great for keeping deer out of orchards or gardens. Automatically turns on at dusk & off at full daylight. Weatherproof, solar powered & lasts for years. Multiple units required for 360 degree protection (4 individual on a post oriented N, S, E & W).

NIT-N1 \$19.99 NIT-N2 4 pack \$75.99.

### Nite Guard Repellent Tape®

A holographic tape that can be used for daytime nuisance animals. Hang strips of tape in the area to protect & allow the reflection of light & crackling noise to keep away unwanted animals. Can be used in conjunction with Nite Guard Solar.®

NIT-AB \$14.99

## FREE FREIGHT

WHEN SHIPPED WITHIN THE 48 CONTINENTAL STATES

### CyKill™ Blocks

(Neogen) Bromethalin A highly potent neurotoxin rodenticide that provides a lethal dose to rodents in a single feeding. Bromethalin attacks the central nervous system; rodents usually consume a lethal dose within a single night's feeding, with the first dead rodents appearing within 2 days. Fast acting, palatable bait blocks.

NE-24 4 lb, 86 count \$25.99

4 or more, ea \$25.25

### Ramik Mouser

#### Refillable Bait Station & Bait

An effective rodent control solution for the homeowner. Includes a refillable bait station & mini-bars that contain a proven & effective anticoagulant rodenticide & can be kept securely inside the bait station. The station's two small openings allow easy access for mice to enter & feed but prohibits access to children. EPA compliant child resistant refillable bait station. 1st generation anticoagulant: Diphacinone. Death may occur 4-5 days after a lethal dose is consumed.

A2-BU 8 oz \$7.99

6 or more, ea \$6.99

A2-BV 16 oz \$9.99

6 or more, ea \$8.99

### Ramik Green

#### & Ramik Green Bait Packs

Uses food processing technology to produce an unusually palatable & highly attractive bait that retains its freshness, sweetness & efficacy in a long-lasting nugget form. Nuggets are weather-resistant. Bait packs come in a convenient, ready-to-use package. 1st generation anticoagulant: Diphacinone. Death may occur 4-5 days after a lethal dose is consumed.

NE1-AB 4 lb loose nuggets \$13.99

NE1-AC 16 count, 4 oz packs \$16.99

### Just One Bite® EX

(Farnam) Kills Norway rats, roof rats & house mice. Contains the active ingredient bromethalin, a neurotoxin that works directly on the brain. Effective against anti-coagulant resistant rats & mice. Usually consume lethal dose in a single feeding. Designed for home use.

FA-JI .5 oz blocks, 128 count, \$63.99

FA-JJ .5 oz bait station, 3 pack \$8.99

### Just One Bite® II

(Farnam) Kills mice, roof rats & Norway rats. Norway rats & mice may consume a lethal dose in one feeding. The active ingredient is bromadiolone, anti-coagulant rodenticide that causes internal bleeding. Contains rodents' favorite foods: grains & seeds.

FA-JE 1 lb bar box, 8 count,

Freight 8-lb \$36.99

FA-JF 2 oz chunks, 64 count,

Freight 8-lb \$46.99

FA-JG 2 oz chunks, 96 count,

Freight 12-lb \$64.99

FA-JK 1.5 oz pellet packs, 86 count,

Freight 8-lb \$56.99

### Havoc®

#### Rodenticide Pellets

(AgriLabs) Contains .005% Brodifacoum to kill Warfarin-resistant Norway rats & mice. Contains Bitrex™, the most bitter substance in the world to humans. Kills in a single feeding.

A2-A2 80 ct \$56.99

# BRANDERS

**THERE WILL BE A \$10 DROP SHIP CHARGE ON ALL BRANDING ITEMS.**

## Electric Number Brand Set (L&H Branding Irons)

Consists of three complete and separate irons. First iron has the numbers 1, 2 & 3; the second has the numbers 4, 5 & 6; the third has the numbers 7, 8 & 0. Invert the number 6 to make number 9. All numbers are hot at the same time. Each number is 3½" high & can be applied separately.

**L5-B6** set of 3 irons, Freight 16 lb **\$325.99**

## Electric Custom Brand

Allow 2 weeks for drop shipped delivery.

**L5-B2** single figure, Freight 4 lb **\$129.99**

**L5-B3** double figure, Freight 6 lb **\$112.50**

**L5-B4** triple figure, Freight 7 lb **\$121.99**

## Freeze Branders

(L&H Branding Irons) These livestock branding irons used for identification are cast from copper alloy (brass) for the best temperature holding capacity. Character face is ¾" with 18" steel handle; characters are stamped on top of handle for easy access. Please call 1-800-533-3377 (1-800-JEFFERS) if you require a special design, size or setup. Special designs require size & exact drawing of brand desired, & takes approximately 4 weeks added delivery time. Branders are sold individually or as a set of 0-9 using 6 inverted as the 9.

Allow 2 weeks for drop shipped delivery.

### 3" x ¾" Freeze Branders
