

Pierce's All Purpose Nu-Stock

Nu-Stock

Pierce's All-Purpose Nu-Stock is an effective treatment for most skin disorders and skin related ailments. Nu-Stock promotes rapid healing and fast hair growth. Use Nu-Stock to speed the healing of cuts, bruises, burns, swelling and hair loss. Nu-Stock eliminates certain types of growths on animals and is effective against ear mites. Proven effective against rain rot, pasture fungus, proud flesh, gnat bites, dermatoses and hair loss in horses. Provides fast, effective relief from ring worm, screw worm, hotspots, red mange, demodex and sarcoptic mange in dogs. Use Nu-Stock on cattle after dehorning and castrating for rapid healing. Contains sulfur, mineral oil and pine oil.

- Non-toxic and Safe for all animals.
- Contains no steroids
- Kills mites on contact
- Stops itching immediately
- Promotes fastest hair growth
- Regrows hair even on old wounds.

Ingredients:

Sulfur 73%, Pine Oil 2%, Mineral Oil 25%

Directions For Use:

Shake well before using. Cleanse area to be treated, let dry. Try a small amount at first to see how animal reacts. Then, apply to all affected areas. Repeat every 3 days until desired results. Do not wash off until reapplication is needed. May be thinned with baby oil if necessary to retain lotion-like consistency. To prevent eye contamination, wear protective rubber gloves when applying this product or wash hands thoroughly after applying.

Ear Mites:

Apply down into the ear canal as far as possible once every 3 days.

Horses:

Use for cuts, burns, bruises, swelling, soreness, loss of hair, tender hooves, etc. Prevents proud flesh, very effective for rain rot, mud poisoning, dew poisoning, ringworm, no sores, scratches, and any other fungus.

Warning:

Topical use only-Consumption of this medication may cause nausea and vomiting in animals. (Due to its bitter taste, most animals will not lick this product. However, to prevent them from licking, use a bandage, muzzle, old t-shirt, E-collar, etc.). Prolonged or frequent use may cause allergic reactions in some individuals. If signs of sensitivity occur after using any topical medication, bathe animal with mild soap and rinse with large amount of water. If signs continue, consult a veterinarian immediately. Use sparingly on pets under 12 weeks of age.

KEEP OUT OF REACH OF CHILDREN.

This product has been used and tested for over 45 years. Guaranteed results if used as directed or your money back!
