
Product Summary: Manna Pro® Jump Start Plus

There are a few vitamins and minerals that the horse's body cannot produce, thus there is a need to supplement these nutrients. Manna Pro® Jump Start Plus, is one such supplement that provides horses with natural microorganisms, minerals and vitamins that can be lacking. It also contributes in improving the horse's appetite under stressful situations and aids in digestion of nutrients for maximum feed efficiency.

Features:

- Easy to administer oral microbial gel
- Provides a healthier microbial balance in multiple species
- Helps keep animals on feed during stress
- Promotes maximum feed efficiency
- It can be applied on horses, cattle, swine, goats and sheep.
