MIRRA-COAT® EQUINE

## PetAg

### EQUINE SYSTEM

**Palatable powder supplement formulated specifically for skin and coat**

**Contains essential fatty acids, Vitamins A, E, B6, Biotin and Zinc**

Mirra-Coat® Nutritional Supplement for Skin and Coat is a balanced blend of essential fatty acids, biotin, and zinc formulated specifically to develop and maintain a healthy skin and haircoat. Mirra-Coat contains nutrients essential for the maintenance of normal skin cells. The results are a pliable, moisturized skin that reduces dandruff and develops a glossy “show” coat. And horses love the taste of Mirra-Coat. They lick their feed buckets clean when Mirra-Coat is added to their feed.

### Ingredients

Soy flour with soybean oil added, vegetable oil (preserved with mixed tocopherols), dextrose, calcium silicate, zinc methionine, natural and artificial flavors, vitamin E supplement, vitamin A acetate, pyridoxine hydrochloride, biotin.

### Guaranteed Analysis

Moisture, max	6.5%
Linoleic Acid (as glycerides), min	8.5%
Zinc, min	0.1%

Vitamin A, min	36,000 I.U./lb.
Vitamin E, min	240 I.U./lb.
Vitamin B6, min	30 mg/lb.
Biotin, min	1 mg/lb.

**Feeding Directions: Scoop enclosed = 4 tablespoons (30 grams)**

**Horses:** For the first two weeks mix 2 scoops of Mirra-Coat into the horse's daily ration. After two weeks, reduce to 1 scoop daily.

**Dogs:** Mix into the dog's regular ration daily. Feed 1/4 scoop (1 tbs.) per 20 lbs. body weight.

If a poor skin and coat condition persists, other than dietary factors may be involved and your veterinarian should be consulted.

Store in a cool, dry place. **Not for human consumption.**

**Sold by weight not by volume**
