

REINSMAN

M² LITE

By REINSMAN

The M2 Lite Pad features a New Light Weight Moisture Management felt which weighs only 40% of traditional pads while providing superior padding. In combination with the Tacky Too bottom, this pad will eliminate pad slippage while promoting air circulation to wick away and dissipate moisture from the horses back. Your horse will experience a cooler and dryer workout while having less back fatigue resulting in overall better performance from your equine partner.
