

Repel-35 Insect Spray

Bio-Groom

Description:

Insect control spray for horses. Controls fleas and ticks on dogs for 35 days.

Active Ingredients:

Permethrin	0.50%
Inert Ingredients	99.50%

Dosage & Administration:

Shake well before using.

For Horses: Apply Repel-35 to a clean coat. Brush animal thoroughly to remove loose dirt and dust or bathe the animal with Bio-Groom Golden Sheen Conditioning Shampoo. Allow coat to dry before applying Repel-35. For protection from flies, mosquitoes and gnats: Apply at a rate of 2 fl. oz per adult animal, sufficient to wet the hair thoroughly. Avoid spraying into eyes, wipe-on around eyes. Repeat every four weeks if required, or as prescribed by a veterinarian. Reapply after animal has been washed or soaked by rain.

To control fleas, ticks and lice: Start spraying at the tail, moving the dispenser rapidly and making sure that the animal's entire body is covered, including the legs and underbody. While spraying, fluff the hair so that the spray will penetrate to the skin. Make sure spray wets thoroughly. Repeat as necessary.

Cautions:

Do not spray into eyes or face. Avoid contact with genitalia. Not recommend for use on puppies less than 4 weeks old. Do not use on old, sick, or debilitated animals. Do not use on cats or kittens. Keep out of reach of children.

Precautionary statements:

Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin, eyes or clothing. In case of contact, flush with plenty of water. Call a physician if irritation persists. Wash thoroughly after handling and before smoking or eating. Avoid contamination of feed or foodstuff. Do not use in any area where food or feed is stored, prepared or consumed. Do not use on humans.

Environmental Hazards:

This product is toxic to fish. Do not apply directly to any body of water. Do not contaminate water when disposing of equipment wash water. Buyer assumes all risks for use, storage or handling of this product not in strict accordance with directions given herewith.

Statement Of Practical Treatment:

If Swallowed: Drink one or two glasses of water and induce vomiting by touching the back of the throat with finger. Repeat until vomit fluid is clear. Call a physician Immediately. Do not induce vomiting or give anything by mouth to an unconscious person.

If Inhaled: Remove affected person to fresh air. Apply artificial respiration if indicated.

If On Skin: Remove contaminated clothing and wash affected areas with soap and water.

If In Eyes: Flush with plenty of water. Call a physician if irritation exists.

Storage and Disposal:

Do not reuse empty container. Wrap container and put in trash collection.
