Salt (NaCl) (Max.)	12.0%
Potassium (K) (Min.)	0.6%
Sodium (Min.)	5.25%
Sodium (Max.)	6.25%
Sodium Bicarbonate (NaHCO ₂) (Min.)	5.0%

Use And Feeding Directions:

Bounce Back is a concentrated nutritional supplement for calves, foals, goat kids, lambs, fawns, elk calves, llama or sheep, dogs and cats.

Please see the following table for mixing and feeding instructions. When mixing, add powder to warm water and stir to dissolve completely. Do not mix into milk or milk replacer. Do not discontinue regular milk replacer feedings. Discard any unused solution after 24 hours. Store dry powder in a tightly closed container, in a cool, dry place.

Note: 4 cups = 1 quart; 4 quarts = 1 gallon.

Animal	Mixing and Feeding Directions
Calf	Using the enclosed scoop, mix 4 level measures of Bounce Back into 2 quarts of warm water. Depending on the severity of scours and level of dehydration, bottle-feed 2 quarts of solution 1-3 times daily between regular milk replacer feedings.
Foal	Using the enclosed scoop, mix 4 level measures of Bounce Back into 2 quarts of warm water. Offer the solution at a rate of 2 quarts for each 100 pounds of body weight twice daily. Feed from a bottle or an open pail secured at chest height.
Lamb, Goat Kid, Cria (Llama or	Using the enclosed scoop, mix 1 level measure of Bounce Back into 2 cups of warm water. Offer the solution at a rate of ½ cup for each 6 pounds of body weight. Feed from a bottle twice daily or free-choice feeder.

Alpaca), Fawn or Elk Calf	Important Safety Note: Male elk and deer that are bottle-fed should be castrated to help prevent dangerous aggressive behavior.
Baby Pig	Using the enclosed scoop, mix 1 level measure of Bounce Back into 2 cups of warm water. Offer in a free-choice feeder for 1-2 days during weaning, hot weather, or stress.
Adult Horse, cattle, Llama, Alpaca, Sheep or Goat	Using the enclosed scoop, mix 4 level measures of Bounce Back into 2 gallons of warm water. Feed free choice from a pail during stress or transport. Offer as the only source of drinking water for 1 hour, 2-3 times daily.
Cat, Dog, Puppy or Kitten	Using the enclosed scoop, mix ½ measure of Bounce Back into ½ cup of warm water. Offer the solution at a rate of 1.5 teaspoons for each 2 pounds of body weight 3-4 times daily. Feed from a bowl.
