

# AspirEase™ III For Horses

## Bio-Nutrition

### Indications:

AspirEase III with "Nature's Aspirin" is an aid to pain management and inflammation in horses.

### "Nature's Aspirin"

Salicin is the natural precursor to aspirin. The chemical makeup of Salicin is closely related to aspirin. Salicin is the original source of aspirin. Salicin does not contain the acids found in aspirin so it is less likely to cause gastritis or thrombosis (blood thinning).

### Guaranteed Analysis:

|                       |         |        |
|-----------------------|---------|--------|
| Moisture              | Maximum | 12.55% |
| Protein               | Minimum | 1.34%  |
| Fiber, Crude          | Maximum | 16.04% |
| Fat, Acid Hydrolysis, | Minimum | 12.69% |

### Ingredients:

Ground Rice Hulls, Salicin, Calcium Carbonate, Molasses, Lecithin, Vegetable Oil, Natural and Artificial Flavors.

### Directions:

Give one level scoop for adult horses once or twice daily as needed at feeding time.

### Caution:

For use in horses only. Keep away from children and other animals. Not for use in animals intended for food. Store in a cool dry place.
