

KENIC NATURAL Balanced Vitamin Mineral Supplement for Dogs & Cats

KENIC NATURAL Dietary Food Supplement is excellent for pets and small animals. It not only supplies vitamins and minerals, but also raw food factors such as enzymes, nucleoproteins, and trace minerals. The KENIC NATURAL formula includes vitamin sources which are subject to heat. The method preserves the delicate balance of vitamins, minerals, nucleic acids, and enzymes found in nature and enables better absorption and utilization in animals. KENIC NATURAL works with your pet to achieve better utilization of the pet food already being consumed. The result of feeding KENIC NATURAL is a better fed pet. Better fed pets are healthier and have more stamina and perform better. Several of the ingredients in KENIC NATURAL have a tendency to stimulate appetites in animals that would otherwise be reluctant eaters.

For use with dogs, cats, ferrets, and rabbits.

KENIC NATURAL contains a combination of ingredients which include vitamins B1, B2, B6, B12 BREWERS YEAST, GARLIC, KELP, plus other supplements. Antioxidant nutrients also include additional free radical fighting power of vitamins C, E, Beta Carotene and Selenium. When used as directed, you will notice results and improvements in the pet within 3 weeks to 3 months.
