

Ingredients:

Alfalfa, Flax Seed, Linoleic Acid, Glucosamine Sulfate, MSM, Phenylalanine, Yucca, Boswellia Serrata, Threonine, L-Tyrosine, L-Proline, L-Lysine, Vitamin C, Magnesium, Cetyl-Myristoleate, Hyaluronic Acid, DL-Methionine, Zn Amino Chelate, Omega 3, Omega 6, Mn Amino Chelate, Cu Amino Chelate, Vitamin B6, Choline, Niacinamide, Cobalt, Selenium, Binder, Grape Seed.

Arabians: 1 Scoop
Barrel racing: 2 Scoops
Dressage: 2+ Scoops
Eventing: 2+ Scoops
Hunters: 1 Scoop
Cutting: 1 Scoop
Jumpers: 2 Scoops
Pleasure: 1 Scoop
Pony: 1/2 Scoop
Reining: 1 Scoop
Senior: 2 Scoops

Analysis of INGREDIENTS

Vitamin B6 50mg

Necessary for the absorption and metabolism of amino acids and is essential for muscle building.

Vitamin A 40,000 i.u

Critical for night vision and growth and aids in the bodies ability to heal.

Vitamin D 4000 i.u.

Binds calcium and magnesium to maintain electrolyte balance in bone function.

Zn Amino Chelate 200mg

Zinc is involved in bone formation, hair, hoof and skin growth and wound healing.

Cu Amino Chelate 100mg

Aids in hemoglobin, bone, cartilage, elastin and the utilization of iron.

Mn Amino Chelate 200mg

Aids in the repair and recovery caused from Physical, Environmental or Disease induced stress.

Omega 3 and 6 150mg

Anti-inflammatory properties, pain reduction, and helps in cartilage building.

Selenium 0.25mg

Selenium helps to counteract harmful free radicals produced during normal cellular metabolism and work.

Glycine 1200mg

Aids in the healthy production of hair and hoof.

Phenylalanine 1200mg

Proteins which is needed in the maintenance and production of healthy hair and hoof.

Threonine 1000mg

Proteins which is needed in the maintenance and production of healthy hair and hoof.

Cetyl Myristoleate 400mg

Anti-inflammatory properties, pain reduction, and helps in cartilage building.

Cobalt 0.75 mg

Helps the horse absorb B12 in the hindgut and is vital for RNA and DNA synthesis.

Glucosamine 4000mg

Powerful anti-inflammatory properties, pain reduction, and helps in cartilage building.

Magnesium 500mg

Sufficient supplies of magnesium, the release of stress hormones are prohibited.

L-Tyrosine 750mg

An important amino acid that is a precursor to a number of neurotransmitters related to our feeling of well-being.

Yucca 1000 mg

Powerful anti-inflammatory properties, pain reduction, and helps in cartilage building.

MSM 4000mg

Powerful anti-inflammatory properties, pain reduction, and helps in cartilage building.

DL-Methionine 200mg

Used as a supplement to encourage healthy connective tissue or collagen.

Boswellia Serrata 100mg

Anti-inflammatory and precursor to aspirin.

Silicon 2500 mg

Bone density. Two separate studies conducted by universities showed a 45% decrease in race training related injuries.

Hyaluronic Acid 375mg

Powerful anti-inflammatory properties, pain reduction, and helps in cartilage building.

Grape Seed Extract ... 500mg

included for its circulation, antioxidant, wound healing, anti-inflammatory properties..

Vitamin C 500mg

Essential vitamin.

L-Proline 600mg

The building block of tendons, ligaments, arteries, veins and muscles. It is also important in wound healing.

Niacinamide 50 mg

For skin and anti-anxiety properties.

Linolenic Acid 1600mg

Omega 6 fatty acid for hair/ skin and immune. The body cannot produce this substance, it has to be consumed.
